

County Board Clears Way for New Airport

Overrules Zoning Board Of Appeals in Mitchell Industrial Development

The Madison county board of supervisors overruled its zoning board of appeals and cleared the way for development of an airport and an industrial park in the Mitchell area. The action was taken Wednesday morning at Edwardsville.

C. Tom Foster of St. Louis, head of Foster Aviation Inc., said construction of the airport will begin as soon as contractors are employed. He said most of the groundwork for the project has been completed.

The airport will be located near Highways 270 and 111, just south of the intersection of bypass 40 and Interstate 270, where Foster two years ago purchased 360 acres of land at a cost of more than \$240 per acre.

Foster also informed the board that two manufacturing firms have committed themselves to move into the industrial park when it is developed. No target dates for completion of the airport or for the industrial park have been determined yet, he told the Press-Record after the meeting.

40-5 Vote By Board
The zoning board of appeals last week voted 5-1 to deny Foster's petition to rezone the land from an agricultural district to industrial manufacturing, with a special use permit for an airport, but the county board voted 40-3 in favor of the petition following a lengthy discussion.

All five members of the county board's zoning and subdivision control committee, headed by C. A. Nicolet, chairman, signed a letter to other board members expressing confidence in the committee's recommendation with the appeal board decision. Nelson Hagmann, Granite City township supervisor, is a member of the committee.

William Strouse, assistant supervisor of Edwardsville township and also a member of the committee, presented lengthy arguments in support of the zoning change.

General Master Plan
Strouse referred to a general master plan developed for the county several years ago by Kinard & Associates, which designated the area for a possible major airport. Because of a high ground water level, he said, the land was not suitable for residential development. He added that the area is too valuable to remain as open land.

Foster told the board that

\$25 Monthly Pay Boost Given Most City Employees

Pay increases of \$25 a month for most city employees, retroactive to May 1st, were announced Monday night by Granite City council members on a recommendation of the city personnel committee.

The \$25 increase does not apply to many of the city hall workers, but does go to the 21 policemen, 30 firemen, 21 street department employees, the city hall maintenance man, the humane officer and the municipal engineer. The secretary of the Plan commission and inspection department is to receive a \$35 pay boost.

Not included in the pay raise ordinance are the controller and assistant, mayor's secretary, city clerk, city auditor, city inspector or the city hall custodian and mailman.

Change From Usual Policy

In the past years, blanket increases to all employees have been granted. However, this year at budget time the council could not agree to a blanket increase and set up \$45,000 in the new appropriation to cover the increases. The increases granted amount to about \$33,000 total for the year.

With the \$25 monthly pay raise, the salaries of the police and fire chiefs will go from \$665 to \$690 and assistant chiefs from \$615 to \$640. The salaries of the police and fire captains will go from \$602.50 to \$627.50, while the salaries of the police lieutenants and fire captains will go from \$500 to \$525.

The police sergeant's pay will go from \$340 to \$365, and the police patrolman's pay will go from \$340 to \$365. The fire lieutenant's pay will go from \$340 to \$365, and the fire captain's pay will go from \$340 to \$365.

The salary for the city's maintenance man is to be increased from \$340 to \$365. The salary for the city's janitor is to be increased from \$340 to \$365. The salary for the city's janitor is to be increased from \$340 to \$365.

Bomb Misses Target at Starch Plant Early Today

(Pictures on Page 16)

A bomb apparently intended to damage the transformer substation and power plant of the Union Starch & Refining Co. exploded just inside the plant fence along West 20th street near Illinois avenue, at 1:30 a.m. today.

Concussion from the blast shattered 12 windows in a five-story building just across the street from the scene of the explosion, but caused no damage to the starch company property. The bomb, type of which was not determined but believed to have been made by dynamite, exploded about 25 feet from the transformer substation, between

REWARD OFFERED

Officials of the Union Starch & Refining Co. today offered a \$1500 reward for information leading to the arrest and resulting in the conviction of the person or persons responsible for the bombing.

The reward announcement made early this afternoon stated: "\$1500 reward for information leading to the arrest and resulting in the conviction of the person or persons responsible for the bombing on the property of the Union Starch & Refining Co. on West 20th street in Granite City, Ill., on or about 1:30 a.m., Aug. 19, 1965."

Information may be mailed to a designated box number listed in a paid advertisement also inserted in today's issue.

The plant fence and a railroad right-of-way were damaged by one of several which plant officials said were left along tracks parallel to the plant fence. The explosion prevented the breaking of the fence or other damage at the plant.

Two men were seen fleeing the scene of the blast just before the explosion, said a plant employee who gave descriptions of both men to plant and police officials. Three hours later Granite City police picked up a suspect for questioning.

The suspect was released at 11 a.m. today, however, on orders from Police Chief Ray Wilcox, who said the plant employee has no definite leads as to the identity of the bombers.

Officials had said the explosion took place in the plant area, with Wilcox and Granite City detectives prior to release of the suspect.

The blast shattered the windows in the tavern operated at the corner of West 20th and Illinois avenues by Vic Reznack. No one was injured.

At the headquarters of the Granite City Chemical and Atomic Workers Union, Local 7-663, operated by the union, the explosion was discussed.

Briggs explained New Law
Other aspects of the sewer project also were discussed by the board of auditors Monday night at the semi-monthly township meeting. Supervisor Harry Briggs told board members that a preliminary investigation into the \$7.5 billion housing bill signed by President Lyndon Johnson last week shows it to include sewer facilities funding, totaling \$800 million, which may apply to the proposed township sewer program.

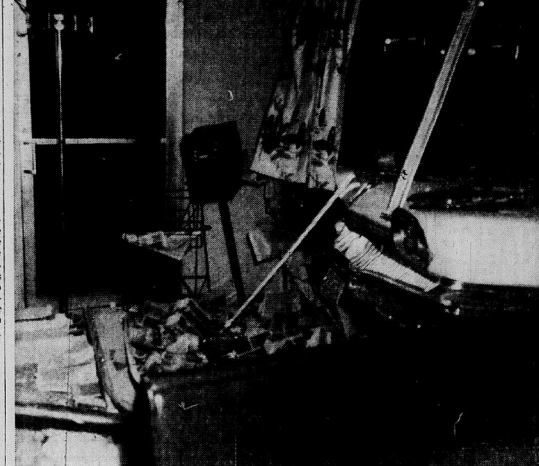

Briggs pointed out that of \$750,000, over a third of the cost of the project could be financed with federal funds under Title VI of the new housing bill if an application from the township is approved.

Briggs pointed out that of \$750,000, over a third of the cost of the project could be financed with federal funds under Title VI of the new housing bill if an application from the township is approved.

DRIVE-IN RESTAURANT that wasn't meant to be. Donald and Betty Mitchell had an unexpected incident at 8 o'clock last night when an auto driven by Mrs. Evonne Settle, 43, of 2924 Dale avenue, went out of control as her foot slipped off the brake and went through guard posts and into the brick building. Damage to the building and contents were estimated at \$2500. Neither Mrs. Settle nor her son, Brian, were injured.

Nameoki Township Preparing for Bond Issue Vote

The Nameoki township election next Tuesday on a \$100,000 bond issue to finance a sanitary sewer and sewage treatment program for the township, was reported Monday night by the township board. Voters will cast their ballots at four township precinct polling places between the hours of 6 a.m. and 6 p.m.

Registration of the tax stamps on small boys asked their parents yesterday evening after finding two 14-inch goldfish in a puddle in the driveway of their home, 2412 Bromley avenue, following yesterday's showers.

The brothers, Brian Kelly, 5, and Keith Kelly, 3, sons of Mrs. Brian Kelly, excitedly reported the discovery of two 14-inch goldfish in a puddle in the driveway of their home, 2412 Bromley avenue, following yesterday's showers.

Mr. Kelly, a painter for a local firm, speculated that the fish might have "come down from the sky in the rain." He related that when he was a boy he had heard many stories of fish falling from the sky. He remembered finding a small bluegill in his own back yard after a heavy rain.

Mr. Kelly said the fish might have been in the city sewer system and might have been swept into the yard when a nearby street sewer broke, causing water to flood the street and cover the sidewalk.

Another possibility would be an overflowing outdoor fishpond in a neighbor's yard, but no reports of missing goldfish have been made.

The two fish—not pets in the household—were named Walter and Sam by the boys. The parents said they can't tell which is which, but their sons can.

The fish, who were almost half a year old when found by the boys, are getting along nicely in their new home—a glass cooler bowl which was supplied by the boys' mother.

Robert and Keith said they were wondering just how the goldfish got into the driveway puddle.

Yesterday's Rain Only Quarter-Inch

Yesterday's showers in the afternoon and evening added slightly more than a quarter-inch to the Quad-Cities' total precipitation for August—boosting the total to 1.60 inch. The normal amount of rainfall for the month is 3.92 inches.

The showers broke a 10-day drought, but did little to curb the 90-degree temperature. Hot and humid is the forecast for the remainder of the week.

So far this year, the local area has had precipitation totaling 20.62 inches, which is about three inches below normal.

Sen. Douglas To Speak Here On Labor Day

A committee to aid in arrangements for U. S. Senator Paul Douglas to speak here on Labor Day during the holiday period at Wilson Park was named last night by the Tri-City Times & Labor Council.

Named to the committee were Edwin Brooks, president of the Tri-City Times & Labor Council, Edgar Patrick and Theodore Moran. Reiske said the committee is to confer with the Tri-City Times & Labor Council to assist in any way possible for the senator's appearance here. The time and location will be announced at a later date.

Annexation and Zoning Ordinances Next Step For Growth to East

Approval of the annexation of 117.8 acres for residential and commercial development at the east end of Granite City, south of Ponton road, was given Monday night by Granite City council members.

The action was hailed by Mayor Farney as a progressive step to insure the continued growth of the city. "Someday, Granite City probably will reach all the way over to the bluffs," the mayor predicted.

The council approved the recommendation of the City Plan Commission which was reached following a hearing Monday afternoon. There were no objections. Plans for the development during the next eight to ten years could result in expenditure of \$500,000, according to the developer, Arthur McFarland and associates. The next step by the city council will be the preparation of ordinances setting forth the annexation and the zoning changes.

30 Acres for Apartments
The tract now is zoned R-1, the top single-family dwelling classification. Under the approved changes, 30 acres will be designated R-3 for apartments, 25 acres in the center of the tract will be designated R-2 for single-family dwellings, and the remainder will be R-1 and R-2 for single-family and duplex dwellings that will provide a higher area adjacent to areas now developed as single-family neighborhoods.

The recommendation of the City Plan Commission was accepted by a 5-0 vote of the council. Alderman Thompson was the lone objector.

Thompson said he would oppose the development until he saw the detailed plans. McFarland had advised the Plan Commission such plans would require a considerable expense and he did not want to proceed until he had assurance the project would be acceptable to the city.

Alderman Johnson said he had received objections from residents along Del Rio drive who did not want that street to be widened. Mayor Farney pointed out the proposed development would have four access streets to Ponton road and that a plan was under way for the opening of Marvyn road along the way to St. Clair avenue.

Good for Rabbits Now
The mayor added that he had heard the 17-acre tract had been a good rabbit hunting area last year, and that if the council wanted the city to grow, it would have to be in that direction.

At present, the tract is located in Nameoki township and is included in that township's jurisdiction. (Continued on Page 5, Col. 3)

\$6000 Bonds Set For Pair Charged With Shoplifting

Two St. Louisans were arrested at 3:30 p.m. Tuesday on charges of shoplifting at the Leader department store and Fleishman's men's store in the downtown business district.

Pleading not guilty before Magistrate Hiscot Wednesday were Lawrence Charles Van, 25, of 4011 E. 12th street, and James Van, 23, of 4011 E. 12th street. Van was charged with having no driver's license. They were each charged with \$6000 property bonds pending hearings.

Police found four ladies' suede coats with pink collars taken from the Leader store and 13 sweaters taken from Fleishman's. All of the merchandise except one sweater was in a cardboard box with a tag on it. The tag had the name of the store on it. A gold-colored sweater was found under the sweater.

Two of the coats were valued at \$79 each, the other two at \$80. The sweaters were valued at \$20 each. Police held the two men until they were identified by Fleishman personnel.

The couple was spotted leaving the Leader store, carrying a cardboard box and entering a 1965 convertible auto by a store employee who spotted them. The couple was then called and the two were arrested at their auto.

Undergo Surgery At Local Hospital

The following are recovering at St. Elizabeth Hospital from surgery which they underwent since Monday:

Juanita Jacobs, 5933 Lake Road, Peter Mack, 1517 Sixth Street, Madison; Mitchell Blum, 2117 Glen place, Omaha; Harris, Hartford, Ill.

Mildred Popelick, 2341 Orville Avenue, William H. Smith, 3310 Terrace Lane, Opal L. Smith, 2636 Highway 87, James W. Brown, 4011 Braden Avenue, Thomas G. Foley, 2597 Lynch Avenue.

BIRTHS

Births recorded at St. Elizabeth Hospital:

Mr. and Mrs. James Jacobs, 2806 Buxton Avenue, August 17, Phyllis Marie, eight pounds, one and one-half ounces.

Mr. and Mrs. Robert Basear, Florissant, Mo., August 18, Stephanie Norene, eight pounds, three ounces.

Mr. and Mrs. Lawrence Hoeller, 2216 Cardinal Avenue, August 19, seven pounds, seven ounces.

Mayor Plans 'Open House' To Hear Citizens' Pleas

A monthly "open house" at city hall, to be held on the second Monday of each month, has been arranged by Mayor Donald Partey to give Granite City residents an opportunity to discuss individual problems with the mayor or the chairman of aldermanic committees.

In an announcement of the new program, Mayor Partey said: "This open house will not feature guided tours, inspections, refreshments or souvenirs; and it will not be held because the municipal building is now or has been redecorated."

"City hall open house will be held the second Monday of each month when downtown stores are open simply to attract citizens to the municipal building and to discuss their problems at a time convenient to them."

The mayor said that every month the aldermanic committees should be present on that night to discuss neighborhood problems with city hall. The mayor said his door will be open to everyone.

Each individual will meet with the mayor and directed to the proper committee chairman. Once the mayor and committee chairman are met, the mayor will discuss the problem with him.

Mayor Partey said the conferences will be private, without onlookers, and will be closed to the press. If a large delegation is desired, the mayor will be notified in advance. The mayor said the conferences will be held at city hall, and will be held at city hall.

Mayor Partey said the conferences will be held at city hall, and will be held at city hall.

Annual Moose Pet Parade Will be Held Sept. 11

The annual pet parade sponsored by the Granite City Moose Lodge 272 will be held at 2 p.m. on Saturday, Sept. 11. It was announced today by John O. Treese, who is chairman of the event.

A number of prizes will be awarded in different categories. Delays of prize awards and classifications of pets will be announced later.

All youngsters wishing to participate in the pet parade meet at the First Granite City National Bank parking lot, 20th and Illinois avenues, at 2 p.m. on Sept. 11. No advance registration is required.

The parade route will be from 20th and State streets to 19th street, west on 19th to Benton street, north on Benton to the Granite City Steel Co. parking lot at 20th and Benton. The award presentation will be conducted there.

29 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH

Possibility that a number of students who have applied to attend the Carbondale campus of Southern Illinois University will be required to attend the new southwestern campus was reported Wednesday.

The announcement came at the same time as reports that the capacity enrollment of the Southern Illinois University at Carbondale campus will be 1200 students this fall, compared to the 3200 total originally planned.

Robert W. MacVicar, vice-president in charge of academic affairs, confirmed reports that Carbondale students who applied after July 12 have been informed they may have to attend the new campus or take a chance on getting into the Carbondale university after it opens Sept. 20.

MacVicar said that "we do not anticipate we will be unable to admit any qualified students who want to attend Southern Illinois University, at any of the four locations."

Some Street Measures
Some measures to accommodate the enrollment already are being planned.

GC Civil Defense Auxiliary Police Seek 30 Recruits

Immediate steps to recruit 30 auxiliary police officers and to start a basic training course Oct. 5 were discussed Monday evening at a special meeting between Granite City Assistant Police Chief Floyd Joff and Capt. John Becker, Lt. Gilbert Richter and Lt. Raymond Newberry of the local auxiliary police corps. Men and women, ages 21-55 years, who are residents of Granite City, may secure application forms at police headquarters at the city hall, or from 7-9 p.m. each Tuesday at the Civil Defense office, 1411 Nineteenth street.

In order to meet federal standards governing civil defense activities in communities of 40,000 population, local auxiliary police units are required to train a force of not less than 165 members, reports Capt. Becker. Under the direction of Assistant Chief Joff, the auxiliary police captain is in charge of the recruitment program.

Presently, Becker said, the local unit has 33 fully-trained members. Revised plans call for the Granite City corps to increase its force by 60 members before June 30, 1966, the final date in the current federal programming year.

Types of Training
 Auxiliary policemen are trained in most of the regular police duties, Becker explains, including first aid, traffic and crowd control, firearms, arrest procedures and search and seizure. Also special courses in riotation protection and basic civil defense. Classes are instructed by GC police department personnel and qualified auxiliary officers who have attended federal civil defense colleges. Specialized training sessions and review courses also will commence in October for present corps members, it is announced.

Local auxiliary policemen work closely with the Granite City police department and other law enforcement agencies, such as the sheriff's office and Illinois State Police. During the fall and winter months, they assist the regular police officers in traffic control at high school football and basketball games.

On numerous occasions, Capt. Becker said, their assistance has been requested by other Madison county communities. He added that the Granite City auxiliary police personnel serve as instructors at the Madison County Auxiliary Police Auxiliary Police Academy in Edwardsville and possess the highest rating in the state in terms of training programs and equipment.

Added Tax Rate Planned by City To Cut Deficit

A recommendation by City Controller John Doherty that the city boost its tax levy for maintenance of sewers from \$25,000 to a total of \$80,000 failed to gain approval of the city council Monday night, but is to be resubmitted for consideration next week. Three aldermen were present Monday—Nann and Robertson, who gave notice they were vacationing, and Basarich.

The added levy, Doherty explained, would help wipe out the present \$101,133 deficit in the sewer maintenance fund that resulted from sewer breaks in the Narmooki area system and a main trunk line along 20th street in the past several years.

He explained the extra levy will be needed for at least two years to clear the deficit and also to repay \$89,360 borrowed for sewer maintenance from the working cash fund.

The present tax levy of \$25,000 for annual sewer maintenance has a tax rate of 1.666 cents per \$100 assessed valuation. With a two-thirds vote of the city council, the rate could be raised to 3.5 cents to cover the \$80,000 levy.

Doherty said the present tax amounting to 68 cents a year on a house assessed at \$5000 would be \$2,100 a year with the higher levy.

The council vote was 10-to-3, with Aldermen Johnson, Thompson and Parnley opposing the rate increase. Those favoring it were Rutledge, Whitmer, Bartosik, Boyd, Dallas, Morlein, Sternberg, Fry, Poulos and Green.

Private funeral services were held at 2 p.m. today in St. Louis for Harry B. Treece, 69, of 5019 Oleatha street, St. Louis, the husband of former Granite City resident, Mrs. Alva (Mueller) Treece.

Mr. Treece, who had been in ill health for nearly a year, died at 10 a.m. Tuesday, at his home. He had been bedfast for the past week. An inquest is pending.

He was a former construction worker and a member of the Christian Science Church of St. Louis. Besides his wife, he is survived by a sister, Mrs. Olin Atkinson, of St. Louis, and two brother-in-laws, Emil and Charles Mueller, both of Granite City.

Wheat Quota Vote Postponed by U. S.

Public Law 89-82, which the President signed into law on July 24th, permitted postponement of the national wheat marketing quota referendum which otherwise would have had to be called by August 1. As now authorized, the wheat referendum may be delayed as much as 30 days after the current session of Congress ends. It was pointed out today by the county ASCS office.

Legislation enacted in 1964 that authorized a voluntary wheat stabilization program for the 1965 crop and exempted it from the operation of marketing quotas. As this voluntary program expires, however, the national wheat program reverts to the type authorized in connection with marketing quotas.

Wheat quota legislation directs the Secretary of Agriculture to attempt to put the quotas into effect, the wheat marketing quotas not later than Aug. 1 when the wheat supply level is determined to be excessive without the quotas. This proclamation is followed by a vote of wheat growers; a favorable vote by at least two-thirds of the voters is necessary to put the quotas into effect. Quotas restrict marketing through penalties applicable to any part of the crop determined to be excessive. What quotas have been voted on thirteen times; they have been disapproved once. Provisions extending the voluntary wheat program with some modifications are included in the farm bill currently being considered by Congress.

Moose Lodge Will Hold Picnic Aug. 28

Moose Lodge 272 will hold a picnic Aug. 28 at Dad's Park in Roxana. All Moose members and their guests are invited to attend the picnic. There will be ball games and music for dancing. Among the prizes to be given away will be a portable television set, portable barbecue set and a 10-transistor radio. Free ice cream and soda will be furnished for the children. The Women of the Moose will have several stands on the picnic grounds.

A United Fund Agency

Protestant Welfare Gives Aid to 168 Persons

The monthly report of assistance given 168 persons was given at a board of directors meeting of the Protestant Welfare Association at First Granite City National Bank Tuesday evening.

The report of the United Fund agency stated that of 34 cases involving 168 persons, 14 were given aid for recurrent and 11 incidental.

Referrals were made by citizens, ministers, board members, the Granite City township relief office, ADC caseworker and Co-ordinated Youth Services.

Thirty-six orders were issued, for: food—\$541; medical—\$83.50; shoes and clothing—\$65; rent—\$15; utilities—\$35, making a total of \$881.

In addition to these 37 orders were given for clothing and shoes from the storehouse with an estimated value of \$243. Given away was one divan valued at \$20. The treasurer reported two memorial gifts from Mr. and Mrs. Lenard Fleishman, one in memory of A. W. Morris Jr. and the other in memory of Rev. Clarence Smith.

Lennie Croxwell, president of Protestant Welfare, presided at the meeting attended by 35 members.

Rev. E. B. Crause, pastor of Good Shepherd EFB Church led the devotional service and Roy Lynn gave a report of a recent meeting of the Madison County Economic Opportunity Commission which he attended. A discussion followed and he was asked to follow this program closely.

Airman S. R. Hargrove
Assigned to Ellsworth

Airman Third Class Stanley R. Hargrove, son of Mrs. Hattie M. Hargrove, of 2224 Benton street, has completed U. S. Air Force basic military training at Lackland AFB, Tex.

Airman Hargrove is being assigned to Ellsworth AFB, S. D., for training and duty as a food service specialist. He is a member of the Strategic Air Command America's long-range nuclear bomber and missile force.

Importance of Grass Stressed by ASCS Office

Most persons take grass for granted, but would be in bad shape without it, Lee Rogers, office manager of the Madison County ASCS office, said this week.

"If we didn't have grass, we'd not only lose our top soil, but the airman is a 1962 graduate of Granite City high school.

With it the fertility of our fields—but we'd have no fish in our streams from runoff would soon kill all life in the rivers, streams, and farm ponds. For the same reason, our reservoirs would soon be full of silt and we'd be short of drinking water and water for household and industrial uses."

Rogers explained that "improved stands of grass, as well as many additional acres, have resulted from ACP and feed grain programs in recent years."

Over 950 Madison county farmers are participating in these programs in 1965, 15,380 acres of cropland in these programs are now being devoted to grass and other conserving uses. Most of this land had been used for row crops before being seeded to grass, Rogers pointed out that grass is just as important today as it was when farm programs started more than 30 years ago.

"If you're going to tie down the land, or manage water efficiently using a nature's tools, you've just got to have grass. Also, well managed grass and pasture can be just as profitable to the livestock farmer as a crop of corn," he pointed out. Madison county farmers are invited to stop at the ASCS office, 110 North Main street in Edwardsville and discuss ACP cost-sharing programs which relate to more and better grass cover, Rogers said.

Polish Poured in Car

William Mitchell, 1914 Grand avenue, reported at 1 p.m. Wednesday that during the night vandals poured a can of chrome polish on the rear seat of his car while it was parked in front of his home.

Invited to stop at the ASCS office, 110 North Main street in Edwardsville and discuss ACP cost-sharing programs which relate to more and better grass cover, Rogers said.

Parked Car Damaged

A parked car owned by Thomas E. Watson, of 21 Grenzer Homes, Madison, and one driven by ShadyAnn F. Horman of 54 Grenzer Homes, were damaged at 3:35 p.m. Tuesday on Collinsville avenue at the Grenzer Homes. Police reported that the Horman car was being pushed by another and that it collided with the Watson car as it turned the corner.

'Orientation Day' Aug. 30 For New Coolidge Students

"Orientation Day" at Coolidge junior high school is scheduled for 1:30 p.m., Monday, Aug. 30, it was announced today by Ralph E. Frohardt, principal. All new students who previously have enrolled to attend classes starting Sept. 1, are expected to attend, the administrator said.

In the familiarization program, newcomers to the junior high school level will learn of available programs, details on curriculum, the schools daily routine and become acquainted with the

class areas. Administrative personnel, counselors and office staff members will be on hand for the session, Frohardt explained.

The principal urged any junior high school student who is not presently enrolled for the fall semester, to report to the school office any weekday prior to the opening of school. He added that this applies to new families moving into the school district, or into the Coolidge school area.

Enrollments will be accepted during the orientation session, Frohardt said.

Minor Auto Collision

A minor collision occurred between autos driven by Eileen L. Teator, 2615 Hodges avenue, and Della P. Sykes, 2901 Palmer avenue, as the Sykes car was turning right to enter the driveway restaurant lot, Madison and Niedringhaus avenues, at 7:30 p.m. Tuesday.

CALL LINDY'S, TR 7-1809

Services Held On Wednesday for Stanley Schermer

Funeral services were held yesterday morning in St. Louis for Stanley Schermer, 40, an active civic leader and businessman in the Quad-Cities for a number of years, who died Monday following a sudden heart attack while vacationing at Zion State Park, Zion, Ill.

Mr. Schermer, a native of Madison, was graduated from Madison high school in the January class of 1942. He attended Washington University, St. Louis, until joining the Army in January 1943. Holder of the Purple Heart Medal, which he received after being wounded in action in the European theatre of operations, Mr. Schermer also held several ETO battle stars and ribbons.

After his release from service, he re-enrolled at Washington U. and was graduated with a Bachelor of Arts degree from the School of Business Administration.

On completion of his education, Mr. Schermer entered the family grocery business at 12th and Madison avenue, in full partnership with his brothers, Avery and Leo Schermer, where, until his death, he had charge of the grocery department.

In 1951 he married the former Miss Edith Bender of Wood River and there are three children, Pamela, 11 years, Jonathan, nine and Brian, seven. About seven years ago, the family moved to No. 9 Birma Woods in St. Louis.

Mr. Schermer devoted great energy to various civic and welfare groups. He was a member of Venice-Madison American Legion Post 307; the St. Louis Chapter of the B'nai B'rith, the oldest Jewish philanthropic and fraternal organization in existence; and the B'nai Amosna congregation. He also was active in the Jewish Federation of Southern Illinois.

As a director of the Tri-Cities Chamber of Commerce, Mr. Schermer served actively on the board of directors and served on internal groups concerned with area-wide promotions, selection and nomination of officers. He had worked in Community Chest and United Fund drives and similar campaigns.

In addition to his immediate family, he is survived by his two brothers, Leo and Avery Schermer, both of Granite City and two sisters, Mrs. Sarah Fine of St. Louis and Mrs. Edna Blum of San Francisco.

Extinguish Rubbish Fire

Madison firemen were called at 10 a.m. Wednesday to the east of 1107 Grand avenue to extinguish a rubbish fire in the alley. Firemen said there was no damage. Madison firemen also answered a false alarm at 7:30 p.m. Tuesday to 1902 Fifth street.

Church Dedication Planned for Sunday

The new Southern Missionary Baptist Church, located at Klein and Bissell streets, Madison, will be dedicated Sunday.

The members will assemble at the old church, Third and Franklin streets, at 10:30 a.m., and from there will march to the new building. The morning speaker will be the pastor, Rev. A. G. Williams.

GO TO CHURCH SUNDAY

Train Hits Auto

A car driven by Andrew C. Henke of 2314 State street, was struck by an Illinois Terminal Railroad train on the east end of McKinley bridge at 4:35 p.m. Tuesday. Venice police said the train was headed west and Henke's car was going east when the collision occurred. Engineer on the train was E. L. McGilgory of Edwardsville.

Curfew Charge Filed

Calandina A. Dalton, 36, of 1106 Kirkpatrick Homes, was charged with permitting a child to violate the curfew when she appeared at the police station at 10:35 a.m. Wednesday. She appeared before Magistrate Hiscott and was released without disposition of the case.

Venice Probes Another Logan Street Fire

Venice police were investigating the cause of a fire at 945 a.m. Wednesday at the residence of Helen Jiles, 1213 Logan street, an area in which a large number of fires have occurred recently. In a report to Police Chief Frank DeWitt, firemen said the fire apparently was a case of arson. A screen in a rear door had been cut and someone turned on all the burners and the oven of a gas stove. The blaze scorched a kitchen wall, causing damage estimated at \$10, firemen reported.

**Park Buses Available
To Benefit Grid Game**

The Granite City park district will sponsor a bus trip to the Cardinal Glenn Memorial football game between the St. Louis Cardinals and the San Francisco 49ers on Aug. 27.

Supt. Harold Brown said yesterday that 32 tickets were still available. He also mentioned that a sellout crowd was expected.

The cost of bus transportation and a ticket is \$4. Two buses will depart from 27th and State streets at 7 p.m.

Anyone interested in attending the game should call the Wilson Park office, TR 7-3659, before noon Saturday to make reservations.

**Polish Hall Loses 14-13 Game, Then
Bags Open League Title in Playoff**

Polish Hall won the Open League championship Monday at Wilson Park, downing Club Delmar 4-2 in a playoff contest after the latter team had won 14-13 in an earlier meeting of the two clubs on the same evening.

In the first contest Polish Hall slammed six home runs but still lost, causing the two teams to complete their regular-season schedule in a tie for first place with identical 10-2 records and necessitating the playoff game.

Jerry Howell sparked Club Delmar to its win by driving in five runs with a pair of homers and a sacrifice fly. He received considerable help from Decho Angeloff and Jerry Tague, each of whom went three for four.

Angeloff's hits included a double and a triple while Tague's also included a three-changer.

John Measki and Ed Modrusic clouted two round-trippers apiece, while John Kipp and Frank Scarsdale hit single ones for Polish Hall in the losing effort. John Modrusic was on base five times, with three safeties and a pair of walks.

In the playoff game Club Delmar drew first blood with a sin-

gularly in the first on a double by Angeloff, who took third on a subsequent fly-out to left field. He then scored on a sacrifice fly by Mike Sikora.

Measki's three-run homer in the second put Polish Hall ahead to stay. John Modrusic contributed three hits, including an RBI single, to the winning cause, and Sam Georgeoff went three-for-three. Jim Gledrich hurled a seven-inning and got credit for the victory.

Angeloff again slapped three hits for Club Delmar.

Prather Gridders Need Physicals, Insurance

Football equipment will be issued from 9 a.m. to noon Monday and Tuesday only to those Prather Junior high school players who have turned in completed physical examinations and paid \$3 for insurance. Coach Bob Stengemann announced.

The insurance may be paid at the school's office during the mornings when the equipment is being distributed. Practice will begin Wednesday.

State Softball Meet Opens Friday at Park

Polish Hall and the A-C Contractors must be rated as the favorites in the third annual Illinois Amateur Softball Association's state slow-pitch tournament which will be held at Wilson Park this weekend.

However, anyone who is familiar with the game knows that upsets do frequently occur and any club that gets hot could take the bundle.

Eighteen teams from throughout Illinois will compete in the meet which has been held in Granite City all three times, the last two under the sponsorship of Rich Neumann, the scorekeeper and announcer of softball games at Wilson Park.

The A-C Contractors of Granite City are defending champions while Polish Hall took the title back in 1963. This year's winning team will earn a trip to the "world" tournament at Maumee, Ohio, which begins Sept. 3.

Local teams entered in the meet are the A-C Contractors, Polish Hall, the Ravens, Larry's Corner, Rozycki Realty, the Falstaffs, Granite City Steel Blast Furnace, Mexican Honorary Commission and Club Delmar.

The Contractors, as defending champs, were automatically given a berth in the tournament. The other clubs qualified by winning regional games at Wilson Park.

Out-of-town teams included in the field will come from Alton, Springfield, Pekin, Bunker Hill, Urbana, Decatur and Wilsonville. Some of these cities will have two representatives, one being the regional winner and the other, the runner-up.

All roster changes by the local aggregations entered in the tournament must be made no later than today.

Each team may pick up no more than two players from the roster of clubs which were defeated in Granite City regional games.

See the pairings on this page for the tournament schedule.

Polish Hall, Liberty Home Matched for First

Polish Hall and Liberty Home, the top contenders for the Tri-City Tavern League championship will clash at 10:30 a.m. Sunday on the Third Street diamond in Madison.

Bowland, meanwhile, will be opposed by Tony & Joe's at Lee Park in Venice.

Polish Hall has an 11-2 won-lost record with two games remaining on the regular-season schedule while Liberty Home is 10-2 with three games left to play. The winner of this crucial contest would be in an excellent position to wrap up the league crown.

Paddler Members Ending 50-Mile Swim Program

Randy Thompson, assistant coach, will wrap up the season for the Paddlers swim club with the Red Cross 50-mile-swim program. This is being done in accordance with a part of the President's program on physical fitness.

Badges will be awarded to those individuals who complete the 50-mile swim. Most of the swimmers, who must cover a minimum of 40 yards at any one time, are three-fourths of the way through the program. Two weeks remain in which to complete it.

Local 16 Wins 35-Over Title In 14-3 Game

Local 16 clinched first place in the 35 and Over slow-pitch softball league by trouncing VFW 14-3 Wednesday night at Wilson Park.

Carl Linhart homered for the winners who ended six regular season games with an 8-4 won-lost mark.

Larry's Corner won 10-8 over Jiffy Car Wash in a game which decided second place. Larry's finished with a 7-5 record.

Ike Burns led the winners battling attack with a three-for-three performance, including a homer and a double.

In an Open League contest the Eagles outslugged Ill-Mo Claims 19-10.

Bill Herman had four hits, including a double, in as many trips to the plate for the Eagles. Keith Talley slammed a round-tripper for Ill-Mo.

Local 16 Takes 35 & Over Lead with Win; Larry's Draps Behind

Local 16 outlugged VFW 16-9 to take over undisputed possession of first place in the 35 and Over League Monday night at Wilson Park. Larry's Corner, the former co-leader, dropped an 11-10 game to Jiffy Car Wash.

Local 16 now has a 7-4 won-loss mark in the slow-pitch softball pool while Larry's and Jiffy Car Wash have 6-5 records. Each of the contenders have one game remaining on the regular-season schedule.

Local 16 trailed VFW 7-2 going into the bottom of the second; however, the winning team came up with two runs in that inning and added four in the third, six in the fourth and two in the fifth to account for its scoring. VFW, meanwhile, could muster two additional markers in the sixth.

Leading hitters for Local 16 were Don May, who batted out a home run and two doubles, and Ron Hoyer with a four-for-four performance.

VFW was paced by Howard Champion, who went four for four, and Al Haug, who had three hits in four at-bats.

The game between Larry's and Jiffy Car Wash was an extra-inning affair which was decided in the last of the eighth when Jiffy came up with a single tally.

Top batsmen for the winning team were Babe Arnold, who had three hits including a pair of doubles and a triple, and Whitey McCommis with three singles.

Larry's was led by Delbert Coy with four hits in as many at-bats; Larry Puert, who clubbed a homer, a triple and a double, and Joe Barchesky with a pair of singles and a double.

Iroquois County

Dove, Squirrel

Seasons — Sept. 1

Dove and squirrel hunting will be permitted on the Iroquois County Public Hunting Area near St. Anne, the Illinois Department of Conservation announced today. Doves may be hunted from Wednesday, Sept. 1 until Tuesday, Nov. 9. Hunting hours are from noon, CST, until sunset every day. The limits are 12 doves per day and 24 in possession after opening day.

Squirrels may be hunted on the area from Wednesday, Sept. 1 through Sunday, Oct. 31. Hunting hours are from sunrise until sunset. The limits are five squirrels per day and 10 in possession after opening day.

The Iroquois county area will be opened for rabbit hunting from Monday, Dec. 6 through Monday, Jan. 23, 1966, and for quail hunting from Monday, Dec. 6 through Sunday, Dec. 26. Hunting hours for these species will be from sunrise until sunset. Hunters may take five rabbits a day and have 10 in possession after opening day. The limits on quail are eight a day and 16 in possession after opening day. The daily bag and possession limits are the same on opening day for all species.

Squirrel Season

In Northern Zone

Opens on Sept. 1

Squirrel season in the Northern Conservation Zone will begin at sunrise on Wednesday, Sept. 1, the Illinois Department of Conservation announced today. Squirrel season in this zone will end at sunset Sunday, Oct. 31. All of the state lying north of U. S. Route 36 is in the Northern Conservation Zone.

The daily bag limit is five squirrels and the possession limit is 10 squirrels, except that on opening day both limits are the same—five squirrels. It is unlawful to take white squirrels at any time. Hunting hours are from sunrise until sunset.

The bull frog season will end on Tuesday, Aug. 31. The Illinois Department of Conservation announced today.

Shotgun deer permit quotas have been reached in Union county, bringing the total number of counties filled to 16.

Flag Football Age Limit

Registration in the Seventh-Grade League of the Granite City park district's flag-football program is open to boys who have not reached their 13th birthday by Sept. 10 and not 15th as erroneously reported in the previous issue of this newspaper.

A BIG CATCH by a little guy, Danny Stephens, was made at the Sunset Hills Country Club where he fished as a guest of Frank Southwick. Danny, a son of Mr. and Mrs. Clifford Stephens, 2809 Madison avenue, caught the four-and-three-quarter-pound bass last Sunday on his fourth birthday.

A-C Contracting Nabs Championship Title in Classic League Softball

A-C Contracting Co. wrapped up the Classic League championship by rolling past Kirschner 11-0 in softball action Tuesday night at Wilson Park.

In other games Granite City Steel Credit Union assured itself of second place by downing the Good Fellows 12-1, and in its second contest of the evening the latter team defeated Mesta 5-1.

The league champions have a 10-1 won-loss record and the runners-up, an 8-3 mark.

The Contractors banged out 11 hits while winning pitcher Ray Hoffman allowed Kirschner only two. The game was called after the losing team batted in the 14th inning because the winner had an 11-run lead.

Charles Johannsmeyer stroked three singles in as many trips to the plate for the Contractors. Teammates, who gave him considerable help with two safeties apiece, were Frank Hiles, Adrean Rains and Ray Hoffman.

Larry Williams and Rich Brager each had a double for Kirschner.

In a make-up game Credit Union breezed to an easy win over the Good Fellows behind the three-hit pitching of Jack James. The only run scored by the losers was unearned.

Leading hitters for the winning team were Phil Kindle with four for four, including a triple, John Draper with three for four, including a pair of doubles; Fred Cavins went three for five, a

double included; and Paul Hollis, two for three, a triple included.

Mary Brookaw of the Good Fellows smacked a double and a single in three at-bats.

In the Mesta-Goodfellows clash Ray Watson hurled a four-hit effort; however, his shutout attempt was ruined in the second when Mesta came up with a single tally on a three-bagger by Emmert Dammert and a single by Rick Reutebach.

Roger Smith led the winners' batting attack with a double and a single.

Reutebach had a pair of hits, including a double, for Mesta.

Grid Hopefuls to Get Gear Mon., Tues.

Head Football Coach Jim Morrison is reminding his gridiron hopefuls that equipment will be issued to varsity players at 9 a.m. Monday, Aug. 23, and to sophomore gridblers at 9 a.m. Tuesday, Aug. 24.

Practice for the 1965 season will begin at 8:30 a.m. Wednesday.

Seasons will be held twice daily, at 8:30 a.m. and 1:30 p.m., excluding Sunday, until Sept. 1 when school will begin.

Each boy must bring \$3 for his insurance and a completed physical examination. Physical examination forms can be obtained at the high school office, Morrison said.

the downstate fisherman

by pete brown

Evidence of the annual August thermal turnover put the blocks to fishing at Crab Orchard Lake, further prolonging what has been for most a dismal fishing month.

Nick Masters of Carbondale, who can read Crab Orchard with the best of them, has decided to lay off completely until the lake settles down again. In large patches the water is abnormally dark and dingy where the bottom layer of water has rolled to the top.

Two five and one half pound bass were collared at Little Grassy during the week and the total crappie catch is up. The big bass were caught by S. L. Minton of Carbondale, using a minnow, and Walter Akers of Lawrenceville, with a topwater Jitterbug. Minton also bagged 54 crappie, F. Baggett, Carbondale, and Bill St. Clair, Breiton, were among others showing ample strings of crappie.

Bluegill fishermen noted a definite pickup at Southern Illinois

Horseshoe Lake. Mr. and Mrs. Fred Buckenstaller of Missouri hooked 65 hand-sized specimens, and the Roy Corbette of Jonesboro caught 25 nice ones. Bass fishing also has improved.

Devil's Kitchen Lake activity remains quite slow and Lake Murphysboro has been deserted by everyone but campers. Murphy, like Crab Orchard, has turned rank and discolored, possibly from the breakup and decay of aquatic weeds killed in recent chemical spraying.

Channeled cat and perch are being taken in average numbers by Wabash River fishermen. Fair catches of bluegill and catfish are reported from Doan Lake at Enfield.

One-Bitter Highlights Park Boys' Baseball

Boys' baseball activity in the area was highlighted by Gregg Terrell's one-bitter Tuesday against the Barker Comets. His team, the Lumberjacks of the Del Maxwell Atom Division, won the playoff championship game 2-1. Terrell struck out 21 batters in the Granite City Park League contest.

Jim Mank hauled a two-bitter Tuesday as his team, Bellemeade, top of the Joe Loftus Bantam Division, defeated Pur-Gas 8-2. Joe Wallace also pitched a two-bitter on the same evening as his club, Local 30 of the Owen Friend Bantam Division downed, VFW 6-1.

In the Nameoki Little League Monday Jeff Boyles and Mike Adams each hit homers as they powered the Crocets to a 7-3 win over the Champions in a Major League game. John Zimlick benefited for the Champions in that contest.

Page 8 Thurs., Aug. 19, 1965

was the
WANT
ADS

THIRTY-SEVEN TROPHIES will be awarded to successful participants upon completion of the Granite City park district's Southern and Central Illinois Invitational Tennis Tournament which is to be held at the Wilson Park and Granite City high school courts Friday through Sunday. Pictured here are some of the awards that will be given.

Park Tennis Meet Draws 80 Entries

About 80 participants will compete in singles events in the Granite City park district's Southern and Central Illinois Invitational Tennis Tournament for this weekend, Aug. 20-22, according to Dave Moss, tournament manager. The meet will be held on the Wilson Park and Granite City high school courts beginning at 9 a.m. Friday.

The estimated number of players in each singles event is given in parentheses following the respective events: junior boys' (16), boys' 16-and-under (16), boys' 18-and-under (16), boys' 22-and-under (16), men's (25), senior men's (16) and women's (15).

Local players who will defend singles titles won in last year's meet are Moss, John Van-Burk, Rusty Toburen and Beverly Rusick. Walter Brink of Alton and Randy Edmiston of Collinsville are other defending champs entered in the tournament.

The following doubles events will also be held: junior boys' 16-and-under, boys' 16-and-under, men's and women's.

Drawings for the tournament, which is sanctioned by the United States Lawn Tennis Association, will be held today at 6 p.m.

Mercer Meets Mitchell, Hearts Host Maryville

Mercer and Mitchell A. C. will oppose one another and Sacred Heart will tangle with the Maryville A-C Contractors in Southwestern Illinois Inter-City Baseball League play Sunday.

The contest between Mercer and Mitchell will be played in the St. Clair Hotel.

The Sacred Heart-Maryville A-C contest will be held at Wilson Park. The Hearts will be trying to escape from the Red Division cellar.

In other Sunday games Collinsville will meet the Maryville Red Sox at Maryville; Pochontes will travel to East St. Louis for a game with St. Clair; Heat and Polish-American will go against Troy on the latter team diamond.

All of the games will begin at 2:30 p.m.

Trophies will be awarded to first and second-place winners.

72 Registered for Park Swimming Meet

Seventy-two youngsters have registered for the annual Wilson Park swimming and diving meet to get underway at 9 a.m. Saturday in the park pool.

Preliminary racing event for various age groups will open the activity, with the finals to be held later following the diving competition.

The meet is for boys and girls from 8-16 years of age who live in the park district. On the card are free style, breast stroke, relay and diving events in all age groups.

Trophies will be awarded to first and second-place winners.

Press-Record

3 Area Students to Attend Junior Red Cross Camp

Three Quad-City area high school students will leave by train tomorrow for Camp Red Cross camp in the past few years. They will take part in a junior Red Cross leadership training center to be conducted by the Milwaukee Chapter of the American Red Cross.

The local participants, whose trip is sponsored by the Tri-Cities Red Cross Chapter, include Cindy Bosworth, 16, of Mrs. and Mrs. Calvin Bosworth, 623 Lincoln avenue, Venice; Jean A. Reader, 17, daughter of Mrs. Alice Reader, 2648 Adams street, a Granite City high school senior; and Sharon Oursch, 16, Madison high school senior and the daughter of Mr. and Mrs. John Oursch, 1810 Second street, Madison.

The trio, the first local delegation to attend a Junior Red Cross camp in the past few years, will join other high school students in Milwaukee for the bus trip to Green Lake.

There they will take part in a widely diversified recreational program and learn the basic fundamentals of the Red Cross program. On their return Aug. 27, the girls expect to become leaders in Junior Red Cross activities in their schools, where they will utilize their training in the local program.

Mrs. Ruby Overbeck, local Red Cross executive director, announced today the appointment of Mrs. Charles Rodell, 912 Rio drive, as the new chairman of the Tri-Cities Red Cross program for youth.

Rented Material Half-Cent Use Tax Adopted by County

A half-cent use tax on leased property in unincorporated areas of Madison county was passed by the county board of supervisors Wednesday morning in Edwardsville.

The tax will be imposed on firms in unincorporated areas renting or leasing various materials to customers. It recently was authorized by the Illinois Legislature and signed by Gov. Kemmer.

Edulla Holz, county clerk, estimated the revenues to be derived by the county at \$700,000 per year.

Willford Stuessen of Fort Russell township attempted to divert attention to the sheriff's office to improve police protection in unincorporated areas, but John Githell, assistant state's attorney, said the money could not be earmarked for specific purposes but would go to the county's general fund.

He suggested that the sheriff request the additional funds in the county budget and that Stuessen confer with the finance committee. He agreed to do so.

More Deputies Sought

Sherris James Frankfort submitted a request to the county jail committee for an increase of six men on the staff and five more patrol cars at this time but it was not presented to the board for action at the meeting.

The county highway engineer was authorized to conduct an engineering and traffic survey to determine speed zones and zones on streets in Venice township, particularly in Eagle Park Acres, at the request of Frank Kimm, township road commissioner. The township will pay the cost, and speed signs will be posted.

Employment of Miss Donna Zimwal of Wood River as the director of nurses at the county hospital was approved. The salary is \$425 per month with \$10 increase after three and six months. She succeeds Mrs. Margaret Roberts of Granite City.

Reduce Committees

A recommendation to reduce the number of the board's standing committees from 24 to 16 and cutting membership to three or four with a maximum of five meetings per month was made by Rodgers Eille of Wood River township, who noted that the board members set a record for per diem committee meetings during July. He said the balance in the \$32,000 per diem appropriation was out to \$12,900, with five more months remaining in the fiscal year. No action was taken.

A contract for uniforms for 10 night riders for the sheriff's department was awarded to the Gerber Manufacturing Co. of Cape Girardeau, Mo., on a job bid of \$2477.

Six-month financial reports for the sheriff showed: receipts of \$17,081; sheriff, receipts of \$20,242; expenses of \$81,433 and excess fees of \$8789; estates division of \$17,081; sheriff, receipts of \$21,733; expenses of \$15,216 and excess fees of \$6337; and county clerk, receipts of \$69,035; expenses of \$41,918 and excess fees of \$24,115.

Civil Defense Meet

Theodore Townsend, county Civil Defense director, announced a conference will be held by the county board of supervisors, city and county officials and others interested at 7:30 p.m. Sept. 9 at Edwardsville.

The board authorized a call for bids to reconstruct the county Civil Defense building and for interior painting and other work to meet state fire regulations. Engineers said was designated as the name of the fringe work adjacent to Interstate 270 at Mitchell.

Bomb Misses (Continued from Page 1)

On West 20th street and Bryan avenue, union officials denied any knowledge of the bombing. Floyd Miller, a member of the grievance committee of the union, which has been on strike since July 4, said "we know nothing about it here. It all came as a surprise to us."

Approximately 410 members of the union have been on strike in disagreement over three major issues that have been under negotiation in a series of meetings.

Meeting Tomorrow

The bombing this morning came just a matter of hours after a company-union meeting had been scheduled for 1:30 p.m. Friday in the offices of the U. S. Mediation Service in St. Louis.

It will be the first meeting since Monday when the company offered the union a new package proposal that included an increase in the wage offer from 5.5 cents across the board to ten cents. Union officials are expected to give the company its answer to the new proposal Friday afternoon.

Plant officials, after an investigation of this morning's bomb blast, said it was difficult to determine the type of bomb used. Only a few fragments of paper were found after the explosion, they said.

Civilian said, however, that they suspected dynamite was used because they had received reports during the last few days that bombings with dynamite might be expected.

Other Incidents

A Pinkerton agent at the plant reported to Granite City police at 10:35 a.m. Wednesday that a picket had thrown rocks at the curiel house at the stalker-house plant and broke several windows. Police reported, however, that they had investigated and were told by plant officials that no windows had been broken.

Plant officials later yesterday reported another rock-throwing incident in which they claimed 13 to 20 women threw rocks at the plant and that they were accompanied by several children.

Flat tires on three plant trucks were reported by plant officials as the direct result of a life of nails which they claimed had been stoned upright across the truck entrance on West 29th street.

Plant officials said they are signing a complaint today against a woman whom they charged has thrown a large iron bolt through the car window of a plant car.

The Granite City county Monday night gave permission for the union to seek funds and food-stuffs at local stores. Several aid-men pointed out this was customary during a long strike for assistance in putting together boxes or cans in their stores to help the strikers.

This plant is continuing its production with supervisory personnel.

TR. 7-0317

BIRTHDAY PARTY

The seventh birthday of Diane Wall, granddaughter of Mr. and Mrs. Virgil Wall was observed with a party Monday afternoon at the Wall home, 918 Grand avenue. The guests played games and were served refreshments.

Present were Sandy and Karen Wall, sisters of the honoree and Sue Reeves, Mrs. Ruth Runion and daughter, Reba, Mrs. Josephine Zelenka, and daughters, Mrs. Janie Cowan and children, Mrs. Josephine Smith and children, and Miss Phyllis Wall.

Billy Hendricks was the prize-winner.

CLASS MEETING

Mrs. Sue Jones entertained members of the Fidelity Sunday school class of the First Baptist Church in her home Monday evening.

Mrs. Bonnie Bridges, president, presided over the meeting which was opened with prayer by Mrs. Treva Williams. Mrs. Jones presided the devotional on the topic being "Magic of Being Tough." The class song "Will There Be Any Stars In My Crown" was sung by the members followed with the class aim and motto. Cards were signed by those present for members who are ill; and plans were made for a family picnic to be held Aug. 29 at Wilson Park. Those taking part in the meeting were Mrs. Daisy Burnett, Mrs. Doris Hargrave, Mrs. Bridges, Mrs. Ann Redmann, Mrs. Irene Hale and Mrs. Williams. Mrs. Bridges will entertain the group in September.

CLASS PLANS TO MAKE DITTY BAGS FOR GIRLS

Mrs. Jewel Ratliff was hostess to the Phebean Sunday school class of the First Baptist Church in her home, 1607 Third street Tuesday evening. Mrs. Frank Cravens, president, presided over the monthly business meeting. Mrs. Ratliff presented the devotional using the topic "Building Bridges," which was discussed by the members.

During the business period, plans were made for the members to get more information on the "ditty bags" which are to be made for hospitalized American servicemen in Viet Nam as a class project. Mrs. Kenneth McDaniell closed the meeting with prayer.

Mrs. Ratliff served refreshments to Mrs. Opal Fogle, Mrs. Edna Lively, Mrs. Ruth Hambrick, Mrs. Cravens, Mrs. McDaniell and guests, Mrs. Margaret Lee and Mrs. Lucy Bond.

COVERED DISH GATHERING

\$300 CONTRIBUTION to the strike fund of the Oil, Chemical and Atomic Workers Union, Local 7-663, of Union Starch and Refining Co., is received by Charles Shemwell (left), vice-president of the union, from a delegation of officers of Ballmeraters local 575. From left to right are Shemwell, Carl Archer, president of Local 575, William Bradshaw, an officer of the union; Melvin "Red" Hill, secretary treasurer (handing check to Shemwell); Thomas Imman, union officer, and George Warnhoff, grievance committee chairman.

Baptist Church gathered at the educational building Tuesday evening with covered dishes which were served prior to the monthly devotional and business meeting.

Those seated were guests Rev. Mrs. Kenneth McDaniell, and members Mrs. Bernice Whitten, Mrs. Gertrude Ashford, Mrs. Nora Bartley, Mrs. Ethel Stone, Mrs. Pauline Cory, Mrs. Geraldine Stein, Mrs. Hilda Jackson and Mrs. Vasta Williams. Mrs. Cory led the group in the devotional "Indivisible Price Tag." Roll call was responded to with each member quoting a bible verse on Money, Gold or Price. Mrs. Whitten, class president, presided over a short business meeting with the members singing cards to be mailed to friends and members of the church. Mrs. Stein closed the evening's get-together with prayer. Mrs. Ruby Wood is to have the September meeting.

PARTY AT PARK

Mrs. Nina Payne was honored with a birthday observance held Monday afternoon at Lee Park in Venice. Present were Mrs. Hesale Smith and daughters Robin and Becky of Wood River, Mrs. Carolyn Holcomb and children, Philip, Tommy and Rachel, Billings, Mont, Suecilla Adwell and brother Ernest Adwell, Shendosh, Iowa, Miss Phyllis Wall, Miss Karen Wall, Mrs. Josephine Smith and children, Jackie, Joe, Lennie, William and Michael.

BIRTHDAY PARTY

Miss Elaine Shipcoff was surprised Monday evening as a group of friends and relatives dropped in her home to help celebrate her birthday.

Mr. and Mrs. Shipcoff and the honored guest's brother, Stephen, 1508 Sixth street, greeted Misses Jean Williams, Doris Sternberg, Maryann Staikoff and Mrs. Sharon Gregg. Mrs. Chris Paschoff, Mrs. Sesia Krot, Mrs. Steve Shipcoff, Mr. and Mrs. Steve Sonev, Chris Goulais and Tony Sonev as they arrived at the home.

Elaine received a number of gifts. Refreshments including the birthday cake was served by Mrs. Shipcoff.

Mrs. Rose Varady, 2000 Fourth street, is convalescing at her home after a stay of seven days at DePaul Hospital, St. Louis. Mrs. Varady underwent surgery last week.

Mrs. Bert Wilson was hostess to the Rainyuev club in her home Tuesday afternoon. Prizes were won by Mrs. Betty Meyer, Mrs. Dorothy Loeach and Mrs. Pat Petrosky. Mrs. Jean Boyer was a guest for the afternoon.

Other members participating in the games were Mrs. Kathryn Meyer, Mrs. Lucille Broyles, Mrs. Eunice Kokono and Mrs. Patricia Lee. Mrs. Lee will entertain the group in two weeks.

3 Vehicles and Fence Damaged in Crash

Three vehicles were damaged at 5:40 p.m. Tuesday as a car driven by Charles Lind, Conway, Ark., crossing Grand avenue at 17th street, struck the left side of another driven by Raymond Allen, 900 Twenty-fourth street, knocking it into a fence at 1708 Grand avenue and then into the front of a parked truck on a lot operated by Paul C. Potts, Eldorado, Ill.

Lind was charged with careless driving and was summoned for a hearing on Aug. 27.

Four Charges Dismissed

Charges of leaving the scene of an accident, illegal transportation of whisky, no driver's license and no state license against Jimmie E. Smith, 2315 Jordan avenue, were dismissed Wednesday by Magistrate Hascott. He was arrested on June 20.

Driver Arrested

John E. Hawkins, 1812 Pershing avenue, was arrested at 11:45 a.m. Tuesday at Niedringhaus avenue and State street on a careless driving charge. He was summoned to appear on Aug. 27.

Home Ransacked And Looted; Other Thefts in Area

A transistor radio, watch, autographed baseball, 35 needles, a roll of 50 pennies and several books of trading stamps were taken last night in a burglary at the home of Eugene Hudson, 2882 Michigan avenue.

The family returned home about midnight after an absence of about four hours and found that the house had been thoroughly ransacked, even to the refrigerator and kitchen drawers. All dresser drawers in four bedrooms were removed and the contents scattered on the floor. Entry was gained by smashing a glass in a door on the breeze-way.

Burglar Frightened Off
A return home at 8:15 p.m. Wednesday by the Byford Johnson family, 2811 Grand avenue, is believed to have frightened off a burglar that had gained entrance through a basement window. The family had been away slightly more than an hour. They told police that nothing was missing.

Vernie McNoy, 907 Twenty-fourth street, reported at 4 p.m. Tuesday that during the night someone cut the screen from a front window and attempted to open it, but it was locked and no entry was gained.

Frank Deal, 2670 Lincoln avenue, reported at 12:10 p.m. Monday that the bottom of the front storm door of his home was pried, damaging the jamb, between 6 and 10:30 a.m. Sunday.

Construction Site Burglary
A variety of tools were stolen from a shed owned by S. M. Wilson & Co., contractors at the Nesso Barrel Co., 1600 Cleveland blvd., it was reported at

Zoning Change for Auto Racing Denied by Board

A request to rezone land for race track purposes in the Tri-City Speedway area of Chouteau township was denied by the Madison county board of supervisors Wednesday morning on the recommendation of the zoning board of appeals.

Seeking the change from R-3 one family residence district to B-3 highway business district with a special use permit for racing was sought by Garlan Farless, president of the Tri-City Speedway, and Elizabeth and Julius Gorbie, owners of record.

The appeals board reported that objectors were present at 7:40 a.m. Tuesday. Entry was gained either over or under a fence, the tool shed lock was pried off, probably with a screw driver, and a tool closet lock was pried.

Missing were two pairs of vise grips, an eight-inch electric saw, two quarter-inch high-speed electric drills, an impact wrench and a cutting torch with a set of gauges and 100 feet of hose.

\$155 Theft from Auto
Mrs. Judith Taylor, 3094 Forrest avenue, reported at 6:25 a.m. Wednesday that after she parked her auto at 2318 Nameoki road to speak with her husband in his barber shop after 3 a.m., \$155 was taken from her purse which she had left on the front seat for a few minutes.

An assortment of carpenter tools were stolen from Ruckman & Hansen, Inc., contractors at work on the Illinois side of the

Chain of Rocks bridge, it was reported at 8:20 a.m. Wednesday.

Apartment Burglarized
Two Venice men were held by police Tuesday pending investigation into the burglary of the apartment of Walter Wilson, 1130 Calhoun street. Wilson reported Monday afternoon that the door of his apartment had been forced open early Monday morning or Sunday night and missing were a window fan and a portable radio.

Venice police said the fan was found early Monday morning in an alley and was identified by Wilson as the one stolen from his apartment.

Chief of Police Frank DeWitt said the men being held were picked up as the result of a description of an automobile seen leaving the Wilson place about 4:30 a.m. Monday, and on the basis of information from Austin Lewis, 2229 Logan street, Venice, who reported the theft of an auto starter from his auto several days ago.

Rev. McCarthy is Improving at Hospital

Rev. Robert McCarthy, pastor of Venice St. Mark's Catholic Church, remains in fair condition today at St. Elizabeth Hospital where he is undergoing treatment for injuries suffered last week in an eight-foot fall down a flight of construction

steps at the new rectory for the parish.

A member of the hospital staff said today that Rev. McCarthy is improving and that he slept well last night.

Henry Skinner told the Press-Record he was with Rev. McCarthy when the mishap occurred. Skinner said he and the priest were inspecting the new building for an intercom system when Rev. McCarthy slipped on gravel on the steps and fell to the concrete floor. Rev. McCarthy suffered head, shoulder and arm injuries.

Only One of Four Home Beauty Shop Requests Ok'd by GC

One out of four petitions for zoning changes to place beauty shops in homes was approved by the City-Plan Commission. It was reported to the Granite City Council Monday night. Council members voted to concur with the commission's recommendations.

The petition of Mrs. Barbara Swindle for a C-1 commercial designation to operate a beauty shop in her home at 2330 Edwards street (now zoned R-3 for a single-family dwelling) was not approved because there were no objections and abutting property is zoned commercial.

The others were rejected because of locations in "northside" areas, which are residential districts. In two instances, neighbors approved of the beauty shop locations, while there was opposition to the third.

However, the City-Plan Commission members ruled against all three because of the single-family character of the neighborhoods involved.

Proposed Locations
The petitions denied by the commission were for Marlene Brown for a beauty shop at 3407

Warren avenue; Brenda Margulien for a beauty shop at 2830 Washington avenue, both to be operated on an informal basis by the owners only and not opposed by neighbors; and Mary Ann Ramsey and Doris Robinson for the Donna Lee Beauty Salon at 2251 Pontoon road, in a residence with the shop opposed by the neighbors.

In his report to the council, William F. Hovick, chairman of the City-Plan Commission, stated—

"The Plan Commission discussed the possibility of recommending to the city council that the zoning ordinance be amended to allow the issuance of a permit under Article 16, 'Additional Use Regulations,' which would authorize beauty salon operation in residential property for a period of one year, with such business operation restrictions as the Plan Commission should deem advisable under the circumstances."

"Following this discussion, the

Plan Commission deliberately chose not to recommend such an amendment to allow the issuance of such permits due to the fact that even if the discretion of the Plan Commission and the city council were limited to the issuance of such permits to no - employee, no - advertising beauty salon residential occupancies, there would be no legal justification for granting such a permit where the surrounding neighbors greatly favored the establishment of the home occupation as opposed to those in their residential areas, and earnestly resented the establishment of commercial uses in their residential areas, assuming that there is no substantial difference in the physical location of the property in either instance.

Intent of Zoning Law
Thus, the Plan Commission at this time recommends to the city council that the general intent of the zoning ordinance, as expressed in the definition of home occupation is to forbid any home occupations in the R-1, 2, 3 and 4 districts, which by their

nature are noticeable and cause concern to the area's residents due to noise, odor, advertising or congested parking conditions, and that such home occupations be discontinued on complaint by action of the building inspector.

"Those home occupations which are of such an informal character as to require no employees or advertising and are such as can go unnoticed in the residential areas in which they are located and be of no concern to the area's residents should, of course, be allowed."

"All other uses of residential neighborhoods except those which can be properly located as neighborhood businesses, on corner lots, busy thoroughfares

and adjacent to other commercial districts or non-conforming uses of a commercial nature, should be for the normal residential uses of home and family."

Also accepted by the council Monday night was a report from the Zoning Board of Appeals headed by David John. The board approved an appeal by Grover Norwood, 2738 Iowa street, for a 1½-foot side yard for a garage. It was noted there were other such small side yards in the neighborhood.

The request by Richard Kostoff for a variation in the depth of a front yard for an apartment house construction at 2700 Center street, still is under study.

Reservations Due Today for Paddler Awards Banquet

Reservations from more than 50 families have been made for the fourth annual recognition and awards banquet which will honor members of Paddlers' competitive swim team at 6 p.m., Tuesday, at the Madison Memorial Center, Seventh and Lee streets, Madison. It was reported today by Mrs. Ruth Malotki, banquet chairman. Late reservations may be placed today by calling Mrs. Mary Noeth, TR 6-5260.

Those who attend this year's banquet will be given a preview of several expansion projects under consideration for the private swim club. The pool, located at 2020 Johnson road, will conclude its ninth full season of operation early next month. Other club members will hear the future plans outlined at the annual stockholders meeting, scheduled for Nov. 5.

Movies of various activities at the pool site, including swimming contests with rival Southwestern Illinois Swimming Association clubs, also will be viewed for the first time at the banquet.

Highlighting the annual affair will be the presentation of trophies to the outstanding boy and girl swimmer who have contributed most to the team during the past season. Other awards are presented to the top swimmers in the various age groups whose

Refreshments were served to Mr. and Mrs. Don Ballard and children, Brian and Margie, Mr. and Mrs. Jim Fuhrman, Mr. and Mrs. P. J. Timney and son, Porry, Mr. and Mrs. Roy Taylor and guests, Mr. and Mrs. Glen Warfield and son, Craig, and Michael Rimmey. Mrs. Rimmey has invited the club to her home

swimming ability has most im-

The banquet is restricted to swim team members, their parents and Paddlers' directors. Each family will provide two covered dish items, a vegetable and dessert, with the club to furnish the meat dish.

Keith Parker, pool manager and team coach, will serve as master-of-ceremonies. Paddlers' team has more than 50 vastly

Sept. 7 for a regular monthly meeting.

LAWN PARTY ON BIRTHDAY

A lawn party was given Tuesday afternoon at the home of Mr. and Mrs. Bruce Gibbs of 4806 Kirkpatrick Homes in honor of their daughter, Wanda Sue, who celebrated her ninth birthday.

Pink and white decorations were used and as a special surprise for the honoree, the party was attended by her former third grade teacher, Mrs. Ida Kiefer. In games prizes were awarded to Miss Connie Gibbs, Joyce Houghton and Patty Meszaros. Others in attendance were Sherrill, Charlene and Vicki Clark, Bobby, Tony and Pam Holt, Jenny Van Meter, Marsha, Theresa, Felicia and Rita Wallace, Paula and Pamela Meszaros, Shari Houghton, Cindy and Kathy Adams, Janet Harper, Mesdames Anna Mae Meszaros, Melba Mabe, Leona Van Meter, Ruth Ann Clark and Mr. Edward J. Crosswell.

VISITORS FROM KANSAS

Mr. and Mrs. George Madrell and family, Sheila Howard and Len of Kansas City, Kan., spent Sunday and Monday visiting Mr. and Mrs. Gerald Singleton of 2812 Edgewood drive. The Madrells' motorcade to this city to help celebrate the Singleton's 18th anniversary.

Mrs. Leonard Carter of Edgewood drive returned home Monday after spending three weeks in Chicago visiting her parents Mr. and Mrs. C. Huels.

MEETING TONIGHT

The Venice Women's Democratic Club will hold their regular meeting tonight at the Old Post Office, 201 E. 1st St. Miss Rose Thompson will serve as hostess.

GRANDSON FOR KOELKEERS

Word has been received by Mr. and Mrs. Edward Koelkeers, 430 Lincoln avenue, of the birth of a grandson born Aug. 2. Parents are Spid and Mrs. Richard Beck of Karlsruhe, Germany. The infant weighed six pounds, 11½ ounces and has been named Edward Audie. The couple also has a daughter, Madyn, one-year-old. Mrs. Beck will be remembered as the former Miss Helen Koelkeers.

Paternal grandparents are Mr. and Mrs. John Beck of Freeport, Pa.

YAK YAK CLUB MEETS

Mrs. Ruth Simpson, 1024 Third street, was hostess Monday evening at a meeting of the Yak Yak Club. Mrs. Simpson, president, presided at a brief business session. A cheer card was signed to be sent to a member, Mrs. Grace Racker, who is a patient at DePaul Hospital in St. Louis.

A social time followed and prizes in games were awarded to Mrs. Faye Smith and Mrs. Faye Hinson.

A luncheon was served, and others present were Mrs. Fern McDougall, Mrs. Dorothy Seifert, Mrs. Clara Simmons, Mrs. Estelle Bone, Mrs. Ethel Moore, Mrs. Frances Cowley and a guest, Mrs. Emily Adams.

The next meeting will be Aug. 30.

SURPRISE PARTY

ON 25TH ANNIVERSARY

Mr. and Mrs. Harold Seibert, 3312 Chicago place, former Venice residents, were honored Sunday with a surprise party honoring them on their 25th wedding anniversary. Hosts were Mr. and Mrs. Dean Hefflin, 1010 Third street, Venice, and Miss Linda Seibert.

The couple received many gifts which were opened and displayed.

Table decorations were in keeping with the anniversary theme and a dessert luncheon was served. Guests attending were Mr. and Mrs. Paul Seibert of Belleville, Mr. and Mrs. Cecil Seibert of East St. Louis, Mr. and Mrs. Elvin Keefe of Troy, Mr. and Mrs. Dave Butler of Berkeley, Mo., Mr. and Mrs. David Butte of Highland, Mr. and Mrs. Eddie Johnson of Edinburg, Mo., Mr. and Mrs. Owen Richardson and children, Richard and Judy, Kismore of Madison, and Mrs. Maude Whaley and daughter, Lyn, of Granite City.

BROTHERHOOD MEETING

Ray May, president, was in charge of the Brotherhood meeting held Monday evening at the First Baptist Church, 1251 Klein street. Under discussion was plans to reorganize the brotherhood under state regulations, which calls for three vice-presidents: one in charge of the Land Bureau Chapter of the Royal Ambassadors, one in charge of Stewardship and one in charge of Worship with each assisting the president in other matters. A book study on performance of duties will be held. A list for new officers will be submitted to the Church Body for confirmation.

A luncheon was then served by Albert Yearman, host for the evening. Others attending were Rev. Ralph Dollar, Bernard Anderson, Ralph Anderson, Wesley Zeigler and Everett Wyatt.

The next regular meeting will be held in September.

WORLD IN NYC IS TOPIC

The Junior Girls Auxiliary held a meeting Tuesday afternoon at the First Baptist Church, 1251 Klein street, with Miss Marie Zeigler, counsellor, in charge. Mrs. Gladys Nash, a guest, opened the meeting with prayer.

The program was entitled "Around the World in New York," pertaining to foreign things seen on a tour of the city. Girls present were Theresa Griffin, Marilyn Denson and Arlene Nash.

REBEKAHS HEAR REPORTS

A brief business meeting of the Venice Rebekah Lodge 570 was held Monday evening at the Oak Hollow hall, with the noble grand, Mrs. Ethel Dunnevant, in charge. Various reports were given but no future plans were discussed.

Others present were Mrs. Marge Purrell, Mrs. Edith Carpenter, Mrs. Magdalene Smith, Mrs. Marie Zeigler and Miss Lucille McCord.

Mr. and Mrs. Rex Hickerson, former residents of Granite City, left Monday to return to their home in Sarasota, Fla., after visiting here for the past two weeks with his sister, Mrs. Ruth Caver, 405 Broadway, and with Mrs. Hickerson's relatives in St. Louis. Some time was spent in visiting with friends in the Quad-Cities.

Bridesmaids Honor Bride-to-be

Miss Judy Bargel, a bride-to-be, was honored Monday evening at a personal shower given by her bridesmaids in the home of Mrs. Louis Marlette, 2731 Sunset drive.

Appropriate appointments were used and there were games for entertainment. A number of prizes were awarded and refreshments were served to Linda Stalduhar, Marilyn Gonterman, Linda Taylor, Chris Dougherty, Joan Spritzer, Jo Ann Spahr, Virginia Marlette, Barbara Robinson, Rose Lee Franko, Carolyn Taylor, Sharon Wallace, Sharon Vavra, Jeanette Gonterman, Patricia Rozycki, and the guest of honor.

The wedding of Miss Bargel and William DuBay will be an event of Sept. 4.

Salon 53 Plans Event

Salon 53 of the Eight and Forty arranged a fall session during a meeting Tuesday evening at the Venice-Madison American Legion Home on Broadway, with Mrs. Adeline Drury, chapeau, presiding. A report on the State convention held in Chicago, in July, was given by Mrs. Frances Cowley, chapeau elect.

It was announced that the fall tour will be held Sept. 11-12 at Mattoon, Ill. A report was given on the nurses cap awarded to Mrs. Opal Hohlman, at the convention, for her effort in obtaining funds for the Nurses' scholarship fund. She also received a jeweled crown pin, for her participation in the Tuberculosis Christmas Seal drive. A cheer card was sent to Mrs. Joanne Cummings who is a patient in a hospital in Alton. An appeal for volunteer's to work in the Bethesda Homecoming was made.

It was announced that the joint installation of officers of the Eight and Forty and the Forty and Eight will be held at p.m. at the American Legion Home in Alton on Sept. 3. A dessert luncheon was served to the group by Mrs. Mary Ballew and Mrs. Viola Harrison, hostesses for the occasion. Other members present were Mrs. Marie Lefter, Mrs. Fannie Ulrich, Mrs. Bertha Hite and Mrs. Jessie Sprigatone all of Alton. Mrs. Violet Neumann of Bethalto, Mrs. Leona Best of Collinsville, Mrs. Norma Hillmer of Madison, Mrs. Kathryn Eilers and Mrs. Ruby Wagner of Granite City and Mrs. Mildred Scannell, Mrs. Zelma Hart and Mrs. Audrey Brown all of Venice.

Miss Maddox Is Honoree

Miss Janet Kay Maddox, a September bride-to-be, was complimented last night at a shower party given by her bridesmaids, Miss Susie Brooks, Miss Pat Kellogg, Miss Susan Myers and Miss Joann Maddox at the Brooks home, 2800 Michigan avenue.

Pink, white and green streamers, together with wedding bells, were used in the decorative scheme, and the buffet table held a wedding cake.

Prizes in the games were won by Mrs. Karen Turnbull, Miss Jeanette Little, Miss Beverly Rusk, Miss Connie Isaac and Mrs. Jackie Rees.

Others present were Mrs. Diane Hoelter, and Misses Sharon Hamilton, Ruth Kellogg, Cheryl Jackson, Cathy Murgie, Nona Hobbs, Diane Gilmore, Kathy Kofahl, Sharon Stroyoff and the hostesses.

Miss Maddox will be married Sept. 11 at St. Peter United Church of Christ to Steven Homer of Wheaton, Ill.

MR. AND MRS. GLENNON KAMINSKI, who were married Saturday at Sacred Heart Catholic Church in Livingston, Ill. The bride is the former Marjorie Ann Robertson, a daughter of Mr. and Mrs. George Robertson of Livingston. Mr. Kaminski is a son of Mrs. Elizabeth Kaminski, 901 Grand avenue, and the late Walter Kaminski. The bride, a nurse, is employed by the Granite City Steel Co.

Jr. Service Club Board Makes Plans

The Junior Service Club executive board met Monday evening in the home of Mrs. Evelyn Morris, 1 Terrace lane, for a monthly meeting and heard reports on charitable activities.

Miss Helen Parsaghtian, president, conducted the business meeting and received reports from Mrs. Rena James and Mrs. Mary Schaffer.

Mrs. Gandy Kawula, charity chairman, reported on two eye cases and on the help given the retarded child the club sponsors throughout the year.

A brief discussion was held on the trip to the opera on Aug. 9. Seventeen members and Mrs. Della Pauly, club sponsor, attended the showing of "Flower Drum Song."

A report was submitted by Mrs. Eva Burns on the coming Flea Market planned for Oct. 9 and will be held at the Eagle Village shopping center. Items are being collected and more are needed. Serving on the committee with Mrs. Burns are Mesdames Helen Gieselman, Audrey Jarvis, Evelyn Morris and Miss Mary Seibert.

The president announced the next regular board meeting will be held on Sept. 13 in the home of Mrs. Kawula, 1512 Clark avenue. A Federation meeting is scheduled for Sept. 18 at the Bel Air East Motel in St. Louis. The club will resume regular meetings on Sept. 20 at the Civil Defense Building, and a white elephant sale will be held. Hostesses for this meeting will be Mesdames Bernice Fitzpatrick, Eva Burns, Rena James, Mary Schaffer, Louise Kovar and Miss Kathleen Obuchina.

Mrs. Morris served a dessert luncheon to the above named and to Mesdames Bernice Fitzpatrick, Eva Burns, Rena James, Mary Schaffer, Louise Kovar and Miss Kathleen Obuchina.

Lydia Class Holds Pot Luck Supper

Members of the Lydia Class of Third Baptist Church and their families gathered in the church basement Tuesday evening for a pot luck supper and social time.

Mrs. Vera Kirkpatrick was in charge and the inspection was given by Edward Johnson. Those attending were Mr. and Mrs. Robert Fitzgerald and children, Mr. and Mrs. Frank Locky, Mrs. Hazel Mathis and son, Mr. and Mrs. Johnson and family, Mr. and Mrs. Glen Brown and Rev. and Mrs. Eugene Phillips and their son.

Games provided entertainment during the evening.

Tri-Cities EOC to Hold Reorganization Meeting

The Tri-Cities Economic Opportunity Council will hold a reorganization meeting at 7:30 p.m. Monday, in the Friendship Baptist Church, Mercedia and Calhoun streets, Venice. In announcing the meeting yesterday, Roland R. Lewis of Venice, told the Press-Record he has called the special session to submit his resignation as chairman of the 14-member community action group.

A seventh grade teacher at Rock junior high school, East St. Louis, Lewis reported that he recently resigned his teaching job and will move with his family to Gary, Ind. where he will seek another position. He also plans to continue his education toward a master's degree at Indiana University.

Lewis has headed the Tri-Cities EOC since its inception earlier this year. He was instrumental in forming the local commission in the federal government which has applied for a \$10,500 project development grant from the federal government to begin a study of metropolitan areas with high unemployment rates.

Of late, he has actively resisted efforts to coordinate the proposed plans of the local commission with a similar county-wide program regulated by the Madison County Economic Opportunity Commission. In his objections to the county commission, Lewis has stated that he disagrees with the commission's organizational structure, commenting on the possibility of undue control and influence by political figures included on the commission.

Coulters Parents Of Daughter

Mr. and Mrs. Mack V. Coulter, Rural Route One, are announcing the birth of a daughter, their first child, last night at Christian Welfare Hospital, East St. Louis. The infant weighed eight pounds, 13½ ounces and has been named Tammy Lynette.

Mrs. Coulter is the former Sharon Smalls, a daughter of Mr. and Mrs. Hans Semmler, 15 Westgate. The paternal grandparents are Mr. and Mrs. Mack Coulter, 1813 Primrose avenue.

Auto Hits Parked Car, Motorist Is Charged

Mrs. Dorothy Branz of East St. Louis, a typewriter for the Press-Record, was charged with careless driving today following an accident about 6:30 p.m. Wednesday on a drive-in restaurant lot at Niedringhaus and Madison avenues. Police said her auto struck a parked car belonging to William Patton, 3510 Terrace lane, damaging the left front. Mrs. Branz is to appear for a hearing Sept. 3.

Granite City PRESS-RECORD

Thurs., Aug. 19, 1965 Page 13

MRS. GENE V. KNAPP, a recent bride. Before her marriage Sunday at the Ridgway, Ill., Baptist Church she was Sue Moyer, a daughter of Mr. and Mrs. W. J. Moyer of Ridgway.

Knapp-Moyer Nuptials

Announcement is made of the marriage Sunday afternoon in Ridgway, Ill., of Gene V. Knapp, a son of Mr. and Mrs. Arthur Knapp, 2717 Marshall avenue, and Miss Sue Moyer, a daughter of Mr. and Mrs. W. J. Moyer of Ridgway.

The ceremony took place at the Baptist Church there with the Rev. Harold Moyer, a brother of the bride, officiating.

The bride wore a white lace gown, a veil with a crown of pearls and carried a white orchid on a Bible. She was given in marriage by her father.

In the wedding party were Mrs. Laverne Corbett, matron of honor, Miss Nancy McManaway, bridesmaid and Rebecca Knapp, a niece of the bridegroom. Flower girl, the attendants wore gowns of pale blue lace over tulle and carried white flowers.

Musical was furnished by Rev. Gary Moyer, organist, a cousin of the bride, and A. J. Moyer, a brother, soloist. Attending the bridegroom were Donald Knapp, a brother, best man, William Knapp, another brother, groomsmen, and Kenneth Crook, stepbrother of the groom, Donald Moyer and Richard Moyer, the bride's brothers, ushers, Michael Knapp, nephew of the groom, carried the rings.

A reception was held at the church after the ceremony, and after a honeymoon in the east, the newlyweds will reside at 2717 Marshall avenue. Both are graduates of Southern Illinois University and both teach.

Utley-Gladney Engagement

Announcement is made by Mr. and Mrs. J. W. Gladney of Memphis, Tenn., of the engagement of their daughter, Miss Nellene Gladney, to Paul E. Utley, a son of Rev. and Mrs. Glen Utley, 2258 Edison avenue. The engagement of the couple is announced by the parents of the bride-elect, Mr. and Mrs. J. W. Gladney of Memphis, Tenn. The wedding will take place Dec. 4 at First Assembly of God Church in Memphis.

The bride-to-be, a 1962 graduate of Meckick high school in Memphis, attended a Memphis business college for two years. She has been employed as a stewardess by Delta Air Lines for the past six months and is here on a brief visit between flights. She will leave Friday evening for the run between Chicago, Atlanta and St. Louis.

Mr. Utley is in the Air Force and is stationed at Otis Air Force Base in Massachusetts with a radar unit. He attended Southern Illinois University, Carbondale, and before entering service was employed as IBM supervisor for Tri-City Grocery Co.

The wedding of the couple is scheduled for Dec. 4. It will take place at First Assembly of God Church in Memphis.

MEXICAN THEME
The Ruth Womack five-year-old Sunbeam met Sunday morning at Second Baptist Church with Mrs. Arlene Smith, leader, in charge, and a Southern Baptist Hospital in Mexico was the study for the day.

• Mrs. Smith told the story concerning the hospital. Mexican hats were made by the ten youngsters present.

Virginia Wingo four-year Sunbeam met Sunday morning at Second Baptist Church, with Mrs. Betty Lewis in charge. A large display of hospital pictures and medical equipment was shown and each child made either a nurse or doctor's cap. A story of Dr. Lamartine, a Southern Baptist missionary in Mexico, was told and prayer was given for missionaries. There were ten present.

VISIT IN URBANA

Mr. and Mrs. Jerry Potillo and children, Sandra, Mark, Beth and Kirk, of 2445 Illinois avenue, visited Sunday with their son and daughter-in-law, Mr. and Mrs. Robert Potillo, in Urbana. The afternoon was spent picnicking at Lake of the Woods. The Potillos also stopped for a visit in Decatur with a niece and family. Mr. and Mrs. Wayne Foster and children, Kathy, Shelley, Kerry and Kelly.

WSSC MEETING

The Woman's Society of Christian Service of DeWey Avenue Methodist Church met Tuesday evening with the president, Mrs. Minnie King, in charge. The group sang "Stranger by the Sea" and opening prayer was given by Mrs. King.

"The Hymn," "Christ There is No East or West" was sung. The devotion "What Would You Do?" was presented by Mrs. Gladys Potillo. Edith Rhodes, Beulah Sparks, Alma Davis and Wilma Ambury. A group discussion of typical racial problems was held. The closing prayer was given by Mrs. Sparks.

The hostesses, Mrs. Gladys Potillo and Mrs. King, served refreshments at decorated tables to Mesdames Lottie Squires, Rhonda, Violet Miller, Loretta and Lila, Fern San Soule, Mayne Waggoner, Ambury, Sparks and Davis.

Modern Math Course for Adults

Mom, Dad Now Can Keep Up With Junior

The adult education program night classes at Granite City high school will feature three educational courses—including "Modern Math for Parents of Elementary School Children" which was announced today by M. A. Wittenberg, who supervises the program.

Registration for all adult night classes will begin Aug. 30 at the high school office, and the classes will start on Sept. 7. The registration hours are 8 a.m. to 9 p.m. Monday through Thursday and 8 a.m. to 4:30 p.m. on Fridays.

The other new courses to be offered are—"Investments" and "General Chemistry."

Stock Market Details

The investments course will feature discussion on investing in securities, covering the types of securities, the mechanics of the stock market, an analysis of securities and personal portfolios, rights and privileges of security owners, market timing and pricing, and a general discussion of market economics.

Also featured will be movies, lectures and question periods. The new mathematics course for grade school pupils' parents is designed to give the parents an insight into the new concepts of mathematics instruction. The course will provide for actual "do it yourself" experiences for the parents, similar to those being taught in the elementary grades. Wittenberg explained.

Front Door Glass Broken

Lester Merz, 2525 East 25th street, reported at 11:29 a.m. Tuesday that the front door glass at his home was broken. He said a small boy was seen across the street with a BB gun.

Car Rakes into Bumper

While backing into a parking place at 1918 Edison avenue, a 1958 Ford sedan struck and scraped the right side of her auto on a bumper of a parked car at 2 p.m. Tuesday.

Cambridge avenue, Tuesday evening

Games were played and prizes were won by Rusty Knapp, Marilyn Galbraith, Rella Knapp and Twila McKinney.

Those present were Marilyn Galbraith, Rella Knapp, Rusty Knapp, Twila McKinney, Betty Knapp, Gerry Peters, Pauline Peters, Glenda Robinson, Compton, Norma Vail and Charlotte Rott.

The next meeting will be at the home of Rella Knapp, 1731 Venice avenue.

Gifts were exchanged and refreshments were served.

DAUGHTER FOR RICHARDS

Mr. and Mrs. Donald Richards, 1716 Spring avenue are announcing the arrival of a baby girl, born Wednesday morning at St. Elizabeth Hospital.

She has been named Kelly Renee and weighed 8 1/2 pounds.

Mr. and Mrs. Carl Cucetti and family of 4153 Rodeo avenue and his guests Tuesday night. Miss Beverly Love of 1232 Edwardsville road is visiting in Danforth, Mo., with Mr. and Mrs. Charlie Thompson and family.

RAY, SHOEMAKER

The Tri-City Park church elected a new pastor Monday evening.

The pastor Rev. and Mrs. Lloyd Shoemaker of Alton, Ill. will begin his duties Tuesday morning. The public is invited to attend.

Mr. and Mrs. George Sturge and daughters, Daria and Crystal, will be visiting in Danforth, Mo., with Mr. and Mrs. Gene Prier and son Jeffrey of Jennings, Mo.

Rev. and Mrs. Lloyd Schoemaker of Alton were guest speakers Sunday at Tri-City Park Church and were dinner guests of Mr. and Mrs. Arthur Mathews and daughter, Edith, of 2450 Sheridan avenue.

Mr. and Mrs. Ed Markham of 2139 Edison avenue have returned home from a week in Tulsa, Okla., visiting friends. Mr. and Mrs. Frank Smith, and a cousin, Mr. and Mrs. Brian Johnson.

G.M.C. PICK-UP

21886
HUNDLEY PONTIAC CO.

General Chemistry

Explaining the General Chemistry course, Wittenberg said it is for persons who did not have an opportunity to take chemistry in high school or those who wish to refresh their knowledge.

"This course will present the study of chemistry in light of modern theory. There are no prerequisites. It will include an introduction to the fundamental concepts and concepts of physical chemistry, an explanation of atomic structure, the Periodic Table and chemical bonding.

The descriptive and theoretical content of the course is based on the relationship between the structure of the substances and the properties they exhibit," Wittenberg explained.

CRADLE SHOWER

Mrs. Freda Hicks, Mrs. Karen Wolf and Mrs. Elaine Slocum were hostesses at a cradle shower for Mrs. Brenda Alexander and her son, Charles, held, given at the Alexander home, 133 Voltaire place, Tuesday evening. Games were played and prizes awarded.

Refreshments were served to the following guests: Mesdames Dorothy Bonds, Arlene Hoxsey, Blanche Prater, Kate Heeren, Nita Foley, Shirley Prater and son, Scott; Thelma Slocum, Brenda O'Beir, Mayetta Reed, Rosie Harris, Misses Lydia Douglas, Sandy McCarty and Leslie Slocum and Mrs. David Alexander.

PARTY AT NEEDE HOME

Mrs. Bertha Neese held a party at her home, 517 Margaret avenue, Wednesday morning. Games were played with prizes awarded to all present.

Refreshments were served to the following guests: Mesdames Ann Meyer, Mrs. Helen Miller, Mrs. Eunice Prier, Mrs. Fairy Laswell, Mrs. L. Payne, Mrs. Hilda James, Mrs. Bernice McKay, Mrs. Linda Plantz, Mrs. Lois Weeks, Mrs. Agnes Willis and Misses Judy Payne and Sherry Walton.

Mr. and Mrs. Marvin Barnes

and daughter, Barbara, returned to their home at Portland, Ore., Monday after a visit with Mr. and Mrs. J. S. Miller of 612 Margaret avenue. Mr. Barnes is the former George Adams, who lived at Mitchell. The Barnes and Mr. and Mrs. J. S. Miller attended a family reunion of the Dunham family at the Union Electric Club in St. Louis, on Sunday.

SHOWER FOR BRIDE-TO-BE

Miss Linda Brown, who will become the bride of Ted Tull, of Glen Carbon on Saturday was complimented with a bridal shower at the home of the bride's parents Mr. and Mrs. Willard Brown Sunday afternoon. Mrs. Maxine Sullivan was hostess.

Games were played and refreshments were served. Guests present were Mr. Pauline Reagan, Mrs. Diane Reagan, Mrs. Madge Finley, Mrs. Carolyn Walters, Mrs. Janice Blackburn and Miss Susan Reagan, who were awarded prizes.

Others present were Mrs. Thelma Morgan, Mrs. Becky Tekens, Mrs. Ruth Althorn, Mrs. Fern Berry, Mrs. Shirley Jones, Mrs. Ruth Smith, Mrs. Louise Brown and Misses Shirley Gale Jones and James Brown. Barbara Walters, Mrs. Sharon Reagan, Mrs. Joyce Wilkerson, Mrs. Bernice and son, Ricky, Mr. and Mrs. Freda Bolan and daughter, Linda.

BASEBALL GAME SUNDAY

The Mitchell A.C. baseball team of the Inter-City League will play the White City team of the 3 M League Saturday at 1 p.m. on the Catholic grounds behind the Presbyterian Church in Glenview Village.

Ernest Sackett, 88, Venice Resident, Dies

A 53-year resident of Venice, Ernest Sackett, 88, of 527 Jefferson avenue, Venice, died at 7:30 a.m. today, at St. Mary's Hospital, East St. Louis. He had been ill for three months and in hospital two weeks. Death was attributed to general infirmities and advanced age.

Mr. Sackett was born in Carrollton, Ill. A retired carpenter for the past 17 years, he was a member of Carpenters Local 633. He was preceded in death by his wife, Mrs. Melvina Sackett, in 1948 and by a stepson, Frank Reed of Venice, who died July 23.

He is survived by a son, Ralph Sackett of East St. Louis; a brother, Charles Sackett of Carrollton, Ill.; two grandchildren; six great-grandchildren; and a sister-in-law, Mrs. Hester Ohlen-dorf of Venice.

Funeral arrangements are given in today's obituary column.

leaf Addition; and Robert Odum, Sunset cafe, Edwardsville rural route.

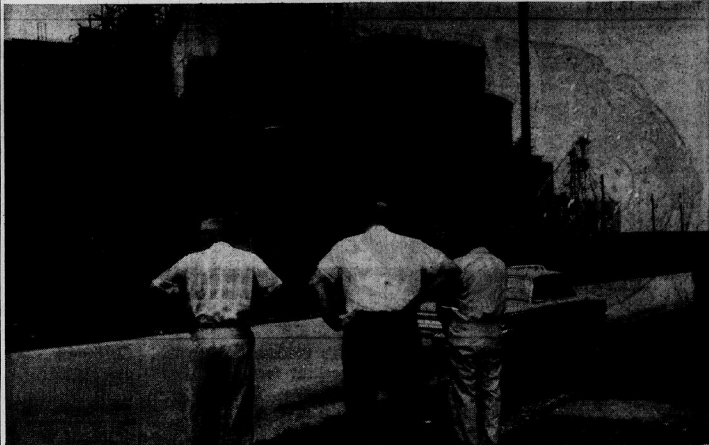

Other local tax stamp holders, the sheriff said, are Nick Choudcos, Nick's diner, Broadway and Market street, Venice; Neddie Grant, Country Kitchen, 4445 Highway 102; William H. Kiefler, Kiefler's tavern, 1501 Adams street; and Tibson L. Myers, Bley Bee truck stop, 4200 Highway 102.

Sheriff Fraundorf said his office will investigate all of the designated establishments in the county; and if it is found that the machines are used in gambling, charges will be filed.

REAL ESTATE LOANS
LAKE REAL ESTATE
TR 7-8944

VIEW THROUGH SHATTERED WINDOW of Vic's tavern, West 20th street and Illinois avenue, shows the Transformer substation and power plant of Union Star and Refining Co., obvious target of a bomb that exploded inside the plant fence, about 25 feet from the power station, at 1:30 a.m. today. The bomb, apparently thrown by two men who were seen fleeing the scene a short time before it exploded, landed by a railroad freight car, directing the concussion toward the tavern rather than the plant property. There was no damage to the starch plant. Type of explosive was not determined. Only a few paper fragments were found after the explosion.

TRANSFORMER SUBSTATION and power plant of Union Star and Refining Co., in background, is viewed by Vic Reznack, center, and two companions. A bomb apparently intended to damage the substation exploded about 1:30 a.m. today, breaking 13 windows out of Vic's Tavern, op-

erated by Reznack at West 20th street and Illinois avenue. There was no damage to company property. Fragments of glass may be seen in the lower right hand area of the photograph. The bomb landed between the fence around the plant and a box car, about 25 feet from the power station.

County Board

(Continued from page 1.)

trenches will be dug adjacent to raised runways to handle drainage.

Straube commented that "our planners (Kincaid) came up with the same decision as the Illinois board of aeronautics in locating an airport in the general development plan."

"There is room for expansion of the airport and will increase the value of the land as industry is attracted to it. . . . This is the everything that the Tri-City Port Authority and Metro-East have been trying to do."

Air Rights Granted
Norman Byrd of the state aeronautics board, confirmed that Foster was granted air rights in the area and that nearby airports and traffic patterns had been considered.

A letter supporting the project was read from the Haglin firm which developed the Spirit of St. Louis airport and park in St. Louis county and pointed to the increased tax benefits to the public in addition to greater employment.

Robert Miller of Alton, one of the dissenting voters, said there were reputable opponents at last week's public hearing. He added that the Civic Memorial airport had been unsuccessful in attracting new industry to its area. He asked to hear from the objectors to the development.

Pat O'Neill, an Alton attorney who said he represents owners of 650 acres in the area, said his clients and other landowners were against the development on grounds it would depreciate the value of their property. He said there was no expert testimony favoring the airport at the public hearing.

He claimed there was no reason for any other decision by the board of appeals. Ferd Goewert, executive director of the Tri-City Chamber of Commerce, said his organization voiced opposition at the hearing because the C. C. C. was against spot zoning and because of the long-range effects it would have on future development of the area.

Joseph Troccker, Chouteau township supervisor where the land is located, said his township board voted approval of the plan some time ago, and "I can't see why the Chamber of Commerce of Granite City or Alton should try to keep out something that will help our township."

Straube added that representatives of Southern Illinois University-Southwestern campus felt that the airport would be beneficial.

Thomas Harris, Foster township supervisor, questioned the legality of the public hearing as it was conducted by Howard Kaseberg, appeals board chairman, who had a personal interest. Kaseberg did not cast a vote when the appeals board recommended denial of the petition. His father owns a 1,200-acre farm in the general area.

Following Motion Falls
After approval was given, the board passed another resolution amending the general master plan designating adjacent lands for airport purposes for a two-year period. It passed on a voice vote after a motion by Harry Briggs, Namecki township supervisor, to table it, failed by a 28-14 vote.

The master plan serves as a guide to the zoning board of appeals, but any zoning changes in the area will still require a recommendation by the appeals board to make the airport and industrial development operation

successful. As an example he cited the direction of runways. Foster, 34, who was reared in an area east of Collinsville, said plans call for a 2,000-foot runway 75 feet wide to serve executive-type aircraft, generally used by light industry. He added it could accommodate planes as large as a DC-3 (two-engine transport).

The development will be called "Fostair Field" and "Research and Development Plaza." He said it will provide an asset to the community "without digging into

MORE ABOUT Nameoki Twp. (Continued from page 1.)

approved. He added that this could considerably reduce the estimated \$408 in monthly sewer charges and result in a possible reduction of the proposed \$100 tap-on fee.

The township official informed the board that he had wired Congressman Melvin Price for additional information and had received a reply, which stated that all available details on the new bill will be forwarded some time this week.

He added that a copy of portion of Title V had been provided to him by the Lochner firm, consulting engineers for the sewer project. Township attorney Nick D. Vasiloff, who was present at the meeting, briefly read excerpts from the new act and reported that from his initial impression the township should qualify under the reimbursement program if the proposed plans conform to the federal standards.

Prices said the sewer proposal as outlined appeared to meet the basic requirements under the new law. He added should the bond issue be defeated Tuesday and the federal grant later becomes available, a second election specifying a smaller bond issue would be considered if there appeared to be substantial public support.

In other action taken during the brief 40-minute meeting, the board approved payments totaling \$805 from the road and bridge fund and \$165 from the town fund.

Due to the Labor Day holiday coinciding with the next regular meeting date, the town auditors agreed to meet at 7 p.m., Tuesday, Sept. 7.

'Head Start' Leaders' Dinner Planned Tonight

More than 70 administrators and teachers who have been involved in Project Head Start in Madison county schools, will hear an address by Dr. Don Rapp of the University of Georgia at a dinner meeting, slated for 6 p.m. today at the Sunset Hill Holiday Inn.

The guest speaker, a former professor at the University of Illinois is currently serving as a consultant to the federal government on the pre-kindergarten preparation program. In the past few weeks, he has visited head start centers in West Virginia, Kentucky and Georgia.

Fifty-four teachers, who have been supervising the federally-financed program in Madison county, are expected to attend tonight's dinner. Others to attend include program director Raymond Ready of Alton, and assistant directors, Raymond T. Jones, Granite City, Lester Eckel, Collinsville, Charles Rayburn, Alton, and Raymond Dugich, Madison.

Cigaret Causes \$50 Damage in Empty House

Children smoking cigarettes in an unoccupied house at the rear of 2021 Russell street are blamed for a fire that caused \$50 damage about 10:45 p.m. last night. The frame house is owned by Harry Wyman.

Farmen said a window had been broken to gain entrance, and it is believed a lighted cigarette had been left in an overstuffed chair. There was \$10 damage to the chair and \$50 damage to the building.

Autos, Trailer Collide

Two autos were damaged at Main street and Broadway, Wednesday at 5 p.m. Wednesday, and a tractor-trailer involved in the same collision was undamaged. Police reported that the tractor-trailer, driven west on Broadway, by James W. Moore, of St. Louis, started to make a left turn onto Main street and the rear wheels struck a car driven by Abraham M. Phillips, of St. Louis, pushing Phillips' car into one driven by Donald W. Gabany of Tinton.

Overheated Motor Causes \$50 Damage Early Today

Firemen from the Nameoki road station were called at 1:35 a.m. today to the Rose Bowl restaurant, 2120 Nameoki road, because of an overheated motor in an air-conditioning unit. The fire damage was set at \$50.

Driver in Collision Faces Traffic Charge

A charge of following too closely was placed against Harry Troha, 1428 Washington avenue, who was involved in a two-car accident last night on State Route 162 at the Granite City Steel Co. blast furnace plant. Police said Troha was going south and was attempting to pass the southbound auto of Charles P. Sutton, 2027 Sken street, when the accident occurred, damaging the left rear of Sutton's auto and the front of the Troha car. Troha is to appear for a hearing Aug. 24.

Duplex Partly Destroyed By Fire at Venice

Fire, believed by fire officials to have been caused by an arsonist, destroyed one section of a frame duplex house at 1027 (rear) Douglas street, Venice, shortly after 7 p.m. Wednesday. No estimate was placed on the damage.

Venice authorities have been investigating a series of fires in the Logan street and Douglas street area in recent weeks. Investigation of the last three fires, that one occurring Wednesday night and two others in the 1200 block of Logan street earlier this week, revealed that two small Venice boys who previously admitted setting a series of ten fires, could have had nothing to do with the recent fires.

Faces Speeding Charge

Robert L. Sales, 34, of 2025 Rhodus street, Madison, was arrested by Granite City police at 9:55 a.m. today on a charge of speeding. Sales was arrested at 20th street and Quincy avenue. He posted bond pending a hearing Sept. 1.

—TRY A CLASSIFIED AD—

SIU's Summer Camp for Handicapped Children Provides Needed Fun

Unattended by any formal observations or ceremonial hoopla, summer 1965 is going into the books of at least two dozen Illinois community organizations and area agencies as a milestone anniversary.

It marks the 11th season of the "movement" in Southern Illinois University's Little Grassy Lake camping facilities, where more than 250 mentally and physically handicapped children have spent at least two weeks as resident campers during the season now drawing to a close. That attendance figure, added to those at community day camps which have sprung directly from handicapped children's camping programs worked out at the Little Grassy base, make for a total participation regarded by agency directors as a very happy birthday present.

Mrs. William Howe of Carbondale, whose late husband was an organizer of the Egyptian Association for Mentally Retarded Children, spearheaded the camp-

ing program, says the figures reveal an all-time high interest in the now-proven philosophy that handicapped children can get as much out of the outdoor camp environment as their "normal" peers.

Awakens Self-Reliance

In most cases, moreover, the immediate benefits to the crippled children are far more far-reaching than the simple fact of being able to "tune in" with their counselors and themselves.

Although activities seem different from those at any summer camp for kids, (athletic, horseback riding, crafts, swimming and games) they are fully programmed so that the mere act of having fun leads to some higher development in the child. Camp leaders and counselors chart development in three areas—social, physical and communication.

deficiency in all three areas, particularly the mentally retarded, counselors must be trained to make the most out of every recreational situation. A swimming lesson may become a combination package, exercising the camper's crippled limbs, disciplining him to his responsibilities within a group of other handicapped kids, and forcing him to "tune in" with their counselor and himself.

The Egyptian Association's first venture into camping for the handicapped was a day camp, "Little Giant," set up for retarded youngsters at Giant City. SIU collaborated and in a few years, when facilities were established at Little Grassy, the University used its staff, hired student counselors, put up tents and screen cabins for a full-scale resident summer operation.

Steady Growth

More and more agencies, from the Muscular Dystrophy Association chapter in St. Louis to the massive U. S. Vocational Rehabilitation Administration, joined SIU in the summer project. The camp population soon covered the whole range of the disabled, from the mentally retarded to the most severely crippled young victims of involved cerebral palsy.

the blossoming of community day camps, staffed by local teenagers trained in their home camps by squads of counselors from Little Grassy.

One of the first was at Marion. Now well established, it is operated entirely by the community free of University assistance. It had an attendance of 39 this summer.

One such came from a retarded girl, confined to a wheelchair by related handicaps. After her name, "Camper of the Week" by counselors, she beamed

and said, "My mother will really be happy when I go back home. I learned to feed myself."

She is 18 years old.

9 Persons Hurt In Area Traffic Crashes this Week

Nine injuries were reported in six of 21 traffic crashes in and near the Quad Cities this week. Three persons were hurt in a two-car accident yesterday evening, and two youths were hurt in an auto-motorcycle collision Monday afternoon.

Three persons were injured about 6:40 p.m. Wednesday in a collision of two autos at 16th and State streets. All of the injured were passengers in the vehicle driven south on State street by Vladimir Fryntko, 2904 Idaho avenue, the driver of the car. John Johnson of Irving, Ill., who was going east on 16th street, was charged with careless driving.

The passengers in the Fryntko auto who were given emergency attention at Elizabeth Hospital were Magdalene Fryntko, 6, daughter of Mr. and Mrs. Fryntko, 2822 State street, who suffered abrasions to her forehead, and William Popowich, 16, of St. Louis, and his wife, Pansy, who were given treatment for abrasions and bruises.

Police said there was damage to the left front of Johnson's auto and to the front of Fryntko's car.

Two Youths Injured

Two youths were injured at 4:25 p.m. Monday when a motorcycle driven by David A. Poyner, 16, of 2142 Edison avenue, collided with an auto driven by Charles J. Caveny, Platteville, on Edgewood drive at St. Clair avenue. Both vehicles were headed east on Edgewood and Poyner was making a left turn.

Poyner was admitted to St. Elizabeth Hospital for abrasions to the left face, left shoulder, left forearm, right knee and right foot. Caveny, a singer on the motorcycle, Edward Mikolasz, 15, of 2144 Edison avenue, was treated at the hospital for a 2½-inch laceration to the upper right leg and abrasions to the right elbow and was released.

Injured on Bridge

T. E. Kampmann, 59, of 122 10th street, suffered injuries to his right ankle and back, and complained of pains about the nose, as the result of a traffic accident at 2:50 p.m. Wednesday at the west end of the McKinley bridge. Police reported that a car driven by Kampmann and one driven by James R. Russell, 16, of Florissant, Mo., were headed east when Russell pulled from his lane toward that in which Kampmann was driving, causing Kampmann to strike the bridge railing. The railing was damaged in two places, police said. Kampmann was treated at the St. Elizabeth Hospital emergency room and admitted.

An auto driven by Dan M. Silberberg, 28, of Arnold, Mo., was damaged and Silberberg sustained a bruised right arm in a 3:50 p.m. collision Wednesday at Race and Kohl streets. Silberberg's car and a truck driven by Henry Pierce of 188 Madison avenue, Madison, collided at the intersection, according to police. Silberberg's car was damaged in the left front and had to be towed away. The truck was damaged in the left rear. Silberberg was not hospitalized.

Ellen A. Martin, 25, of St. Louis, received minor injuries at 7 p.m. Tuesday when the car she was driving was struck from the rear by an Army bus driven by Charles Couter, Jr., 27, of the Granite City Army Depot on the west end of the McKinley bridge.

According to Venice police, the Martin woman received an injury to her neck and right hand. She was not hospitalized. Officers said Couter's bus struck the rear of the Martin car when it stopped for traffic.

A car driven by Gary W. Taylor, 21, of 4210 Kirkpatrick home, failed to maintain the curve at 1436 Madison avenue and struck a utility pole, shearing it at 3:20 a.m. Tuesday. He was treated at St. Elizabeth Hospital for bruised lips and a nose bleed and was released. The front of the car was damaged.

Miss Mary E. Dahmus, 34, Dies of Cancer

Miss Mary Ellen Dahmus, 34, of 2135 State street, died of cancer at 5:05 p.m. yesterday at St. Elizabeth Hospital, where she had been a patient for two weeks.

Born in East St. Louis, Miss Dahmus lived in Granite City since the age of two years. She was a graduate of Sacred Heart parochial school and the Granite City high school and was employed as a typist at Famous-Barr Co., St. Louis.

A member of Sacred Heart Catholic Church, Miss Dahmus was preceded in death by her father, Edwin Dahmus.

Survivors include her mother, Mrs. Ellen Hollender Dahmus; a sister, Mrs. Margaret Hermes, and nieces, Elaine, Kathy and Terri Hermes, all of Granite City.

Funeral arrangements are given in today's obituary column.

MRS. MABEL KENNERLY
3833 Lake Street
TR. 6-5042

LOCAL FAMILY ENJOYS SCENIC MOTOR TOUR

Mr. and Mrs. Julius Slezacek and children, Marsha and Joey, arrived home Sunday after a two weeks' tour of Illinois, Missouri, Iowa, Nebraska, South Dakota, Wyoming, Montana, North Dakota, and Minnesota.

They visited Mark Twain Cave in Hannibal; the Black Hills of the Dakotas; Mt. Rushmore and Rushmore Cave; a gold mine in Montana; Old Faithful in Yellowstone National Park; the Teton mountains and many other scenic sites.

DINNER GUESTS AT HAND RESIDENCE

Mr. and Mrs. John D. Hand, 3801 B street, entertained dinner guests Sunday evening.

A buffet-style dinner was served to Capt. and Mrs. Dave D. Howard of Beale Air Force Base, Marysville, Calif. Mr. and Mrs. Charles W. Moerlein, Mr. and Mrs. John W. Hand and daughter Ruth, Mr. and Mrs. Charles Pilger and son Craig, Mr. and Mrs. Lawrence Reinhardt and sons, Larry and George, Mr. and Mrs. Henry Noerlein and sons, Patrick and Henry Jr., David Moerlein, Miss Sharon Parker, Mrs. Ella Bateman of Herrin, Ill., and Debra, John, Dennis, Melody and Kimberly Hand.

The evening was spent viewing movies of Hawaii and California furnished by Capt. Dave Howard.

VISITS IN MEMPHIS

Mrs. Elaine Edmonds flew to Memphis, Tenn., last week for a five day visit with her son and James Edmonds and children, Steven and Debra Kay. She was joined there by her husband, Otis, and daughter, Miss Tiffa Edmonds Sunday. They returned home Saturday.

Mr. and Mrs. Oran Leveigh, 2536 Lake street, had an overnight guests Tuesday, the former's cousin and her husband, Mr. and Mrs. Arnold Schrupp, and Mrs. Walter Wenzel of Windom, Minn. The visitors were enroute to Florida.

TROOP 23 PLANS FUTURE PROGRAM

Boy Scout Troop 23 met Tuesday evening at the Long Lake fire hall with Scoutmaster Benjie Parker, Melvin Wheeler, Floyd Ashoff, Ed Nida and Mike Abernathy.

Plans were made for a new scout program to begin Aug. 31 the complete following day and for a campout this weekend.

TOUR ARMY DEPOT. Five commissioned officers presently assigned to the Granite City Army Depot and their brides who were given a tour of the military area. In the picture, left to right, are—Capt. and Mrs. Herman F. Rusche; 2nd Lt. and Mrs. James L. Ibsen; 2nd Lt. and Mrs. Lloyd J. Nordhausen; 2nd Lt. and Mrs. Edward L. Medley; and 2nd Lt. and Mrs. Charles H. Wanner.

Army Tradition

New Depot Officers, Brides Given Traditional Tour

In keeping with an old Army tradition five commissioned officers presently assigned to the Granite City Army Depot and their brides of recent months toured the military area of the Depot recently.

They were Capt. and Mrs. Herman F. Rusche; 2nd Lt. and Mrs. James L. Ibsen; 2nd Lt. and Mrs. Lloyd J. Nordhausen; 2nd Lt. and Mrs. Edward L. Medley

HOME FROM HOSPITAL

Albert Daigler, 3825 B street, was released Wednesday from St. Elizabeth Hospital, where he had been a patient for ten days while undergoing treatment and a series of tests.

Collision in Venice

Accident driven by Jimmy B. Cornell of East St. Louis, and Arthur Dandridge of 201 Garner road, Venice, were damaged at 4:20 p.m. Thursday on Broadway at the State street cutoff. Venice police reported Cornell was headed east on Broadway as Dandridge started to make a left turn. Dandridge reported he applied his brakes and skidded into Cornell's car.

Miss Champion Recovering From Surgery for Foot

Miss Marilyn Champion is recuperating at her home from a series of operations which she underwent recently at St. Elizabeth Hospital due to an injury. She stepped on a darning needle, two inches of which were broken off in her foot and entered the hospital July 12.

She underwent the first operation July 15 and was a patient for nine days. Returning home Aug. 4 she submitted to the second operation of an infection Aug. 5 and remained in the hospital for another 11 days.

Dr. SIMS says... SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

MOSQUITOES: A PROBLEM?

DO SOMETHING ABOUT IT

No one can escape mosquitoes, for they plague mankind everywhere—from the cool mountain regions to the sunny tropics.

There are over 3000 species of these pesky insects, of which only a few are known carriers of diseases such as malaria, yellow fever and encephalitis. Fortunately, the culicid pests, better known as the "rain barrel" or "house" mosquito—the variety that causes most of our problems in the United States—is not a carrier.

For some strange reason, the male "house" mosquito won't bother you. He feeds on sap and other plant juices and only lives a total of eight to 10 days.

Female Is The Villain

It's the female that's the villain, for she requires human or animal blood to survive. In warm weather her life span is about four weeks—enough time to lay eggs that could result in 31 billion descendants.

A night feeder, this little villain appears to have a special talent for entering homes through minute cracks and openings in screens. When you turn out the light, it seems to be a signal for her to begin her work. But she also likes dark clothing.

So, like most females, this little lady is hard to fight. Join to lessen the studies indicate she may be at-

tracted to your breath, rate of breathing or the amount of carbon dioxide you exhale. Or, she may be repelled by them.

Avoid Stagnant Water

There is much you can do to rid your home of the pesky female mosquito and her descendants. Since the female must be near a water source to lay her eggs, take these measures to eliminate breeding.

1. Fill holes and low places.
2. Drain wading pools when in use.
3. Wash birdbaths once a week.

Don't leave tin cans, old tires or tubs where water can collect.

If water should accumulate where you cannot drain or remove it, spread oil on the surface. The hatching mosquito cannot break through the covering and will die of asphyxiation.

Insecticides Effective

Efforts to spray for mosquitoes are available to kill mosquitoes in and around your home.

If a mosquito should bite you, despite these preventive measures, don't leave the bite untreated. Although the bite is not serious, it can give entrance to germs and infection.

Apply a small amount of antiseptic to the bite, then apply a paste of baking soda solution, ammonia water, rubbing alcohol or kerosene to the bite. Join to lessen the studies indicate she may be at-

Stanley Schermer Used His Talents

For Community As Well As Business

In his relatively short life, which ended suddenly and unexpectedly Monday, Stanley Schermer made substantial contributions to the betterment of the Quad-Cities area. And his community joins the family in mourning his loss.

Mr. Schermer brought to his numerous civic undertakings the sincerity, hard work and business acumen that, together with his two brothers, had developed Schermer's Market from a small grocery store to one of the Quad-Cities' major supermarkets.

These attributes were especially noted during his terms as president of the Associated Retailers and Civic Association and as a director of the Tri-Cities Chamber of Commerce and the Tri-Cities United Fund.

Mr. Schermer's death, at the age of 40, cut short a career of still greater promise. His place in the community will be hard to fill.

Some Funds Available For

A County Juvenile Home

Detention of two young arsonists this summer at the Venice city hall spotlighted the lack of a juvenile detention home in Madison county. Now attention is being directed to the subject; the law expressly forbids putting children under 14 in any type of jail.

Although the \$125,000 on hand for this purpose is deemed inadequate (part of the unincorporated area sales tax was diverted to a special fund for several years) further study by the County Board of Supervisors might be advisable.

Whether further delay, a revised plan for a smaller and less expensive juvenile home might be the best answer.

Close Supervision For Tranquilizers

It is becoming more and more socially acceptable to escape from tensions and anxieties through use of barbiturates and so-called "minor tranquilizers." This is a new and helpful health tool in most respects, but the American Medical Association cautions that basic facts regarding drug usage have not changed.

Prolonged use of sedatives, including prescription remedies, still can and does lead to dependency. Such habits, once established, are not easy to break and have some of the same unfortunate aspects as opiate addiction.

Close professional supervision, including full regard for cumulative effect, is strongly recommended by medical authorities to those utilizing tranquilizers.

Safety Award Won

By District Engineer

Col. James B. Meador Jr., District Engineer, U. S. Army Engineer District, St. Louis, announced today that the St. Louis District has received the highest award for safety in operations and construction in the Lower Mississippi Valley Division for 1964. The St. Louis District has won the award in six of the seven years since the competition was initiated.

Each year the plaque is awarded to the district with the best overall safety record in the Lower Mississippi Valley Division, which extends along the Mississippi River from Hannibal to the Gulf of Mexico.

In this regard, the St. Louis District compiled a record of 2,290,951 man hours of work without a fatality. Only nine lost-time accidents were recorded in 1964, which resulted in 157 lost-work days. Automobile accidents were also a part of the competition, and only four accidents were recorded in the 1,338,755 miles driven by district personnel. No lost time resulted due to automobile accident injuries.

Administrative policies promulgated thereunder. All applicants for positions will be interviewed by the district engineer or his representative. Biographical data as a part of their application; persons will be hired without regard to race, color or national origin.

South Nameoki Rd. R.O.W. In miscellaneous business Monday night the council also—

State Should Spell Out Possible

Judicial Conflicts of Interest

Disclosures of dealings between public agencies in Madison county and an East Alton industrial chemical and maintenance supply firm bear out the wisdom of a proposal before the last state legislative session that judges be placed in the same "conflict of interest" category as other public officials.

Because of their greatly increased appointive powers, judicial officials cannot remain free to do business with appointive governmental bodies.

Associate Circuit Judge Michael Kinney, current president, is one of the incorporators of the company. It made sales exceeding \$15,000 in 1963-64 to the Wood River drainage and levee district, whose commissioners he had appointed as county judge. There have been subsequent smaller transactions with the appointed Civic Memorial Airport board and with the county courthouse, county jail and sanatorium.

There have been no suggestions of law violations or of failure to receive full value for tax dollars expended. But the findings do call attention to the general subject of judicial appointments and the potential problems related to them. The next Illinois General Assembly should consider the issue and establish guidelines for future conduct.

Immediate Impact By SIU-SW

On Local High School Graduates

Impact of Southern Illinois University-Southwestern campus on Quad-Cities' college attendance is evident from a Press-Record survey of the spring 1965 high school graduates. Out of 364 planning to continue education, a full 164 have sent transcripts of their grades to SIU-SW.

Although not a sharp increase over recent years, the 43% college-bound proportion of the high school classes does represent a percentage increase. And it is a substantial segment of the 864 high school graduates.

As local graduating groups grow in size, and as more of the facilities on the new university campus are completed, the number of Quad-Cityans enrolling as college freshmen each year may soon pass the 500 mark.

Madison County Industry

Pioneering In New Coins

A Madison county industry, the Olin brass mill at East Alton, seems likely to be the first plant in the nation to produce a full range of metal that will provide "sandwich" dimes and quarters—layers of copper and cupro-nickel alloy metallurgically bonded together—to ease the growing demand for silver.

The Olin Matheson Chemical Corp. has the jump on its competition because it is the only producer of composite coin metal that also makes the two component metals. It will make copper strip and cupro-nickel strip available to other suppliers, enabling the federal mint to divide its purchases of the bonded product.

This is not Olin's first entry into the coinage field; the firm previously produces cupro-nickel for five-cent coins and has made bronze strip for pennies. But its successful research in combining copper and surface layers is a timely development—solving a potentially costly national coinage problem while allowing 10-cent coins to remain in circulation.

A new prefabricated house dispenses entirely with nails. But we can recall barns long ago that were held together for years mainly by circus posters.

Granite City Press-Record

August 20, 1915

Granite City, as well as all territory in surrounding districts, was visited during the past 18 hours by one of the heaviest rainfalls in years, and as a result, the entire area is flooded, in many places to a depth of five and six feet. The rain is the heaviest by far of the season and it will require several days before the amount of damage done can be fully computed.

The rain, which began falling early yesterday, continued unabated throughout last night, and this morning, increased in fury until it was a blinding gale, accompanied by a heavy wind which blew down telephone, telegraph and electric light wires and trees.

One or two houses and out-buildings at resorts were demolished. Streets in all parts of the Tri-Cities are flooded, in some instances to a depth of three feet. Traffic on most streets is impossible for automobiles and pedestrians.

Scores of businesses were forced to remain at home, because the water had completely surrounded their houses, and made it impossible to get out. Many boats were placed in commission in transporting people from one street to another.

In North Venice, the rain has removed the high water family was gradually subsiding after standing in the streets and vacant lots for several weeks because of high water and sewage. The water was so high in some places as to cause grave alarm, and many families found it necessary to use boats in getting about.

In Madison the water has flooded the majority of cellars and basements, and in some cases has caused heavy damage where the rain was driven through weak roofs and skylights. Several Madison stores reported loss of damage to stocks in basements and elevators.

An investigation into the circumstances surrounding the poisoning of seven persons at their homes in St. Louis, yesterday morning, was begun late in the afternoon under the direction of Assistant Health Commissioner G. A. Jordan of St. Louis. He is inclined to believe in a chemical analysis of some milk, used by the affected persons shortly before they were stricken, will show traces of arsenic or other mineral poison introduced into the fluid either intentionally or accidentally.

Among those in the St. Louis City Hospital are Mrs. Ruth Clark of Madison and her daughter, four-year-old Irene, who is in critical condition. Mrs. Clark and her daughter had been visiting a family, also stricken with the poison.

Mr. and Mrs. C. C. Calley and daughter, Dorothy, of Granite City, are spending their vacation in a charming hotel in Toledo, O., and other Eastern cities.

Ad-of-the-Week: To the Ladies of the Tri-Cities: We take the pleasure to announce that our "Fall Millinery" has just arrived from the East, also Fall Suits, Sweaters and Flaming Skirts of Military Style with Red, Blue and Green trimmings. These patterns and styles have been obtained the leaders for the season. Write to Geo. and Redem Eddy Trading Stamp, R. S. Holstein, 1308-Nineteenth street.

Joe McGraw was one of the Granite City people who took advantage of the weekend rates to Chicago and spent three days there visiting relatives.

Miss Mae Morgan, superintendent of the insurance department of the Granite City Savings Bank, has gone to Indiana, where she will spend her vacation of two weeks with relatives, visiting in Elwood, Indianapolis and other cities. Miss Morgan is a bookkeeper for the Record Publishing Co. in this week enjoying her vacation in Alabama with relatives.

25 YEARS AGO

The following items were taken from the files of the Granite City Press-Record

August 19, 1940
The two membership teams in the Chamber of Commerce drive met at noon today and reported a total of 130 members secured for the team headed by Rev. Wm. F. Whitlock, pastor of Nidderingham Memorial Church, conducted the contest.

Assistant Supervisor William Kaiser and E. J. Wade, of the Kentucky highway department, were here today for an eight-day fishing trip in Wisconsin.

Mrs. Mildred Bono, 2406 Illinois avenue, was hostess at a luncheon for the Sunday school class, the Royal Sons of Central Christian Church, at Wilson Park last Saturday night.

Mrs. Irene Woodard entertained her luncheon club Friday in her home at 1406 S. Main. Prizes in the game were awarded to Mrs. Anna Kraynak, Mrs. Helen G. Smith, Mrs. Helen G. Smith, also present was Mrs. Helen G. Smith.

Night police Sergeant E. H. Buente and his son, Fire Chief Harry Buente, visited last night. They are on duty on their annual fishing expedition. They expect to be gone about two weeks.

Miss Betty Jean Holland, 2429 Madison avenue, will be visiting with friends and relatives for several weeks.

Among those attending the state fair at Springfield this week are Mrs. Lorraine Melville and Beryl Smith, Harold Foote and Henry Creighton, all of Madison.

Mr. and Mrs. Willard Keller and Miss Blanche Smith of St. Louis and Mrs. Jennie Smith of Cutler, Ill., were weekend guests at the home of Mr. and Mrs. W. F. Whitlock.

Joe and Willie Vandave, 2001 N. Main, will be visiting with friends and relatives for several weeks.

The following young people, members of the Epworth League of Nidderingham Memorial Church, attended the Epworth League Institute held at McKendree College in Lebanon last week: Misses Arlene and Nadine Probst, Mary Jean Liggett, Shirley Mae Miller, Arlene Krueck, LaNelle McClain, Arlene Cowley, Mary Jean Liggett, Mary Lou Johnson, Margaret Davies, and Susan Crabtree and Robert.

After giving several notices of three-and-a-half months of grace, in which to buy city automobile licenses, the Granite City police department made an arrest of 22 Friday afternoon.

Mrs. J. E. Hudaller and family and Mrs. and Mrs. Alvin Smith, all of Granite City, were guests at a family reunion at the home of Mr. and Mrs. D. C. Van Dine.

Paul D. Reintges and Frank J. Seiler, local Buick dealers, left today for Detroit and the Buick showing of the new 1941 Buick, which will be shown at 9 a.m. The men will return Thursday.

Mr. and Mrs. George Lexow of Mitchell left this weekend for a vacation trip to Wisconsin, while Mrs. Lexow and Mrs. C. E. Mitchell, departed Monday for a vacation in Chicago and Terre Haute, Ind.

County EOC Ready to File;

Outlines Program in Detail

The Madison County Economic Opportunity Commission this week is concluding preparation on a \$120,438 application for federal tax funds to be filed with the Economic Opportunity Office in Chicago. Approval of the application and an 11-point employment policy by commission members took place at a meeting held last week in Edwardsville.

If approved by federal authorities, the grant will be used to finance a six-month, county-wide project development program to study the possibilities of projects in the county and estimate needs and resources needed for their alleviation.

The results of the development survey will advise in the undertaking of new economic opportunity programs either through existing agencies, or in the formation of new organizations. A total of 35 culturally and economically deprived county residents will be employed in the six-month development project.

In addition, the commission will have a county director responsible for the overall program and three assistant directors with offices located in the Quad-Cities, the Alton-Wood River-East Alton area and Edwardsville to direct the program in areas not previously assigned to other offices.

Non-Patronage Appointments By adopting the employment policies, George E. Moore Sr., of Granite City, commission president, has stated that the county EOC has made every effort to insure non-patronage appointments, selection of the best qualified individuals and provide employment for the unemployed citizens in the economically-deprived group.

These hired as neighborhood workers in the economically-deprived areas of the three branch offices. Moore added, the directors employed will be on a non-patronage basis of background, education and experience, the commission president pointed out. Several of job applicants will begin as soon as approval is received from the federal authorities, possibly in three to four weeks.

The commission's initial application for a \$750,000 grant was rejected by the federal government because it was submitted at the same time as two other requests from regional economic groups in Madison county.

Since that time, two of the opposing groups in the Alton-Wood River area have withdrawn their single unit and recently agreed to work through the county commission.

The Tri-Cities Economic Opportunity Council, headed by Rev. Lewis of Venice and applied for a \$450,000 grant, which was subsequently rejected. Lewis has been advised by the federal government, was not present at the commission meeting and has not indicated whether the local EOC group will work through the county commission.

The commission plans to supplement the federal grant with \$13,382 in "in-kind" services, such as office space, which has been donated. No cash outlay is anticipated by the county EOC.

Under the 1964 Anti-Poverty Act, the federal government provides the first two years, finances 90% of anti-poverty projects, the individual areas providing the balance to be eligible for federal financing.

Anti-poverty programs, individual communities or counties are required to conduct a project development survey with the findings to be filed with federal Economic Opportunity Office.

County's Program The county commission's program development project will include the following items:

Employment policies adopted by the commission, include: All of the county's unemployed, clerical-typists and neighborhood workers will be culturally and economically deprived citizens of Madison county; secretaries, directors, office personnel and personnel in which they will be employed.

Persons hired for the positions of direct, indirect and clerical will be selected on the basis of merit as determined by an objective appraisal of the background, education and experience of all applicants; persons hired will show evidence that they are of good character and reputation and are sympathetic with the Economic Opportunity Act of 1964 and the Commission for final resolution.

Administrative policies promulgated thereunder. All applicants for positions will be interviewed by the district engineer or his representative. Biographical data as a part of their application; persons will be hired without regard to race, color or national origin.

Automated Phone System In Operation for SIU-SW

A new fully-automated telephone network began serving Southern Illinois University's Southern campus this week, making it possible to reach all campus phones without going through an operator.

The network also makes possible direct calls from the Southern Western campus to off-campus toll-free areas in and near the SIU locations.

Called Centrex Service, the new system saves calls up to half a minute in reaching SIU-SW numbers but will be able to prevent overload periods during which calls came in faster than operators of the former equipment could handle them.

Will Grow With SIU-SW
Before the system was installed, the University's present and future needs were exhaustively studied, and Centrex was planned so that it could grow with SIU-SW. To begin, the equipment will handle about 450 lines, but when peak enrollment is reached in about five years it will be able to take care

of some 2000. Each campus phone now has its own 7-digit number beginning with the prefix 692 and can be reached direct, which is a chief feature of the service, but calls which come in to the main SIU-SW number and to the main numbers at the Alton and East St. Louis centers are received by girls at two console telephones who transfer them to any other campus phone if necessary. Also calls on any direct line can be transferred.

In addition, Centrex makes

possible conference calls between as many as five parties, either in the same location or on different campuses.

Push Buttons Installed at Dial
One of the main advantages of the new equipment in addition to Centrex, is the "Touch Tone" telephone which has push buttons instead of a dial. This feature enables the user to tap out a number very rapidly without having to wait for a dial to return to its starting position before dialing the next digit.

In order for callers to take

full advantage of the direct dialing feature of Centrex, it is necessary for them to know the various campus numbers, so for this purpose SIU-SW personnel have been given special post cards on which to record their own numbers and send to persons who call them frequently.

Before Centrex could go into operation, Illinois Bell had to install tons of equipment in its office in Edwardsville. More than 150,000 new connections were made and 20,000 feet of special wiring had to be hooked up.

Youth Gets 29 Days

Wayne Cole, 16, of 2913 Cayuga street, who had been ordered to work 35 days for the city for driving violations, was sentenced to spend 29 days in the city jail Monday by Magistrate Hiscott on a complaint that instead of working, he was fraternizing with a young prisoner in the jail.

27-Day Jail Term Set

Charles King, 34, to address, was sentenced to 27 days in the county jail Monday by Magistrate Hiscott in lieu of fines and costs totaling \$135 on charges of intoxication and peace disturbance. He was arrested Saturday and Maple streets.

Granite City PRESS-RECORD

TAKES POSITION IN MEDINAH, ILL.

Miss Mary Walters, a June graduate of Eastern Illinois University, left today for Medinah, Ill., where she has accepted a position as instructor in the physical education department of the high school. She will teach modern dance.

Miss Walters and her aunt, Mrs. Laura Lewis, returned the past week from Europe where they visited the former's brother-in-law and sister, Lt. and Mrs. Van Benthuyzen, (Susan Walters) in Verdun, France, and with them made an extensive tour of other countries. They were met in New York upon their return by Mr. and Mrs. Walters, who spent several days sightseeing there.

FOR GOOD NEWS
CALL TR 7-5111

ENGAGED. Miss Janet L. Ruhl, whose betrothal to Jerry D. Wheat, a son of Mr. and Mrs. Cecil Wheat of East St. Louis, is announced by her parents, Mr. and Mrs. John C. Ruhl, 2439 Lincoln avenue.

MARRIED RECENTLY. Mr. and Mrs. Tom D. Robinson, whose wedding took place in Phoenix, Ariz., where the bride, the former Lloyce Maree Tschannen, a granddaughter of Mrs. Lloyd Davis of Kirkpatrick Homes, now resides. She is a daughter of Mr. and Mrs. Lloyd Tschannen of Phoenix.

ATTEND WEDDING OF FORMER RESIDENT

A number of local relatives were in Phoenix, Ariz., recently to attend the wedding of Miss Lloyce Maree Tschannen, a daughter of Mr. and Mrs. Lloyd Tschannen of that city, former Granite Cityans, and Tom D. Robinson, of Hawaii, whose parents are Mr. and Mrs. Douglas Robinson of Phoenix.

They were Mrs. Deloris Boston, who sang at the wedding, Mrs. Lloyd Davis, the bride's grandmother and other relatives including Mr. and Mrs. Robert Richardson, Mr. and Mrs. R. E. Richardson, Carl Richardson and Mrs. Olive Schwalb, the latter of Edwardsville.

WESTERN VACATION

Miss Jean Lauschig, 3123 Colgate place, has returned from a vacation of ten days in Los Angeles and other California cities in that area.

REV. CRADDOCK RETURNS FROM VACATION

Rev. James R. Craddock, pastor of Central Christian Church, and daughter, Lynn, have returned from a vacation in Virginia. Mrs. Craddock remained to speak at a series of retreats of the State Christian Women's Fellowship in Craig Springs, the latter part of the month.

The family left July 25 and spent the time relaxing at a cabin in the Blue Ridge Mountains and visiting relatives in Chatham and other Virginia cities.

RETURNS FROM TEXAS

Miss Joyce Whittle of Edison avenue returned Wednesday by plane from Lufkin, Tex., where she visited Miss Owen Ann Broderick for ten days. Miss Broderick spent the month of July here with her uncle and aunt, Mr. and Mrs. Karl Kirsch, and was accompanied home by Miss Whittle.

Flea Market Items Needed

Mrs. Thomas Burns, chairman, is announcing plans for the annual Flea Market of the Granite City Junior Service Club to be held Oct. 9 on the Bellemeade Village shopping center parking lot. Anyone wishing to donate usable items, such as toys, books, food, remnants of material, yarn, comic books or other items may contact Mrs. Burns at TR 6-1777, or Mrs. Paul Morris, co-chairman, at TR 7-2218. The proceeds from the sale of the articles is used by the club to further its charitable projects.

MR. AND MRS. FRANK KOPECKY who were married Saturday at First Methodist Church in Collinsville. The bride is the former Linda Davidson, a daughter of Mr. and Mrs. Lloyd Davidson of Collinsville, former Granite Cityans.

Kopecky-Davidson Nuptials

Mr. and Mrs. Lloyd Davidson of Collinsville, former Granite Cityans, are announcing the marriage of their daughter, Miss Linda Davidson, to Frank Kopecky Jr., son of Mr. and Mrs. Frank Kopecky sr. of Clarendon Hills, Ill., Saturday at First Methodist Church in Collinsville.

Rev. Everett Weiss performed the evening ceremony and a reception followed.

The bride wore a trained gown of white lace with a sapphire neckline. Attendants were Mrs. David Miller, Mrs. Donald Davidson, sister-in-law of the bride, matron of honor, and bridesmaid, John Schieb, best man, and James Kopecky, the bridegroom's brother, groomsmen. Donald Davidson served as usher.

The bridegroom is a student in the University of Illinois law school. Mrs. Kopecky was graduated from the university last June and is employed in the animal genetics department there.

The couple will live in Urbana.

SHOWER FOR LATE SUMMER BRIDE

Miss Lois Crews, who will be married Saturday to Larry Whittle, was complimented this week at a miscellaneous shower given by Miss Jean Lauschig and Miss Sharon Hotton at the Lauschig home, 3123 Colgate place.

Pink and white were the colors combined effectively in the appointments of the gift and buffet tables.

Attending the shower were Mesdames Roy C. Platt, Roger Stanger, Harry Bloodworth, Emily Maxwell, Harold Hotton, Louis Lasker, Alfred Chapman, David Whittle, Claude Cross, Frank Lauschig, and Misses Phyllis Richter, Nancy Turpenoff, Mary Church, Cheryl Cross, Cynthia Crews, Jean Hinson and the honoree.

YOUTH CLUB IS ORGANIZED

The Wobelo-Fu club held an organization meeting Monday evening at the union hall of the Steelworkers in Alton.

The letters of the club stand for work, health and fun. It is a counselor training youth club of the Madison County East Seal organization and the meetings are to be held on the third Monday of each month.

Plans are under way for a ruckus Aug. 23 at Cahokia Mounds State Park.

The next meeting will be held on Monday, Sept. 20. Anyone interested in joining the club may call Vicky Garrison, 2414 Grand avenue, for further information. Officers are to be elected at the September meeting.

PHI DELTA LAMBDA MEETS

A business meeting of Phi Delta Lambda was held Monday evening in the home of Claudine Hancock.

Committees gave their reports and Bobbye Barnes outlined the 65-66 program which will begin Sept. 20.

Claudine Hancock, ways and means chairman, called for suggestions for money-making projects and the club decided to have a car wash in the near future. After the meeting refreshments were served to Cheryl Barnes, Carol Hawkins, Anita Newton, Brenda Lane, Bobbye Barnes, Cheryl Glauser, Mrs. Dena Kampshador, to Norma Rains and Mrs. Venida Hill.

DORCAS CLASS HOLDS MEETING

The Dorcas Class of First Baptist Church held a monthly meeting at the church Tuesday with Mrs. Imogene Claxton, president, in charge.

Mrs. Harold Mass wife of the pastor, offered the opening prayer and the stewardship lesson was given by Mrs. Iva Olive. The topic was "Anchorage on Stewardship."

The project for the month, a cash donation to be sent to the Carmi Orphans' Home, was discussed and the teacher's thought by Mrs. Effie Johnson was "Divine Healing."

Refreshments were served by the hostesses, Mrs. Elsie Lang, Mrs. Dena Kampshador, to Norma Rains and Mrs. Venida Hill.

Two-Week Bill List

A two-week bill list totaling \$15,909 was approved Monday night by Granite City Council members who separated a \$4451

payment for curb, sidewalk and driveway replacement for final inspection. The payment to Tom Skierle Co. was authorized pending the inspection of the projects. Among the bills approved for payment was \$340 for weed cutting by Leo Kamadulski. A bill totaling \$2534 was approved for the Nameoki road project. Allowances on the bill list were \$100 for Victor Koenig, civil defense director; and \$30 each for Aldermen Moerlen and Roberson.

Labor Day Festival Planned at Wilson Park

Labor Day weekend festivities (continuing through Monday night, Sept. 6, it was announced) at Wilson Park will feature a number of special attractions today by Park Supt. Harold starting Friday, Sept. 3 and Brown.

Highlighting the four-day observance will be a Saturday night street dance, headlined by Russ Carter of the St. Louis Hop and the Jesters musical group. The seventh annual slow pitch softball tournament, plus associated carnival rides and booths sponsored by local organizations. A special kiddies' matinee from 2-3 p.m. Sunday will allow kindergarten through ninth grade pupils to enjoy carnival rides for ten cents, the park official said. Hoping for a successful repeat of the Fourth of July celebration, when hundreds of teenagers participated in a street dance at the 28th street entrance to Wilson Park, the re-appearance of TV personality Russ Carter is scheduled for Saturday evening, Brown said. Twenty Quad-City area softball teams will begin competition in the annual slow pitch tournament at 6:30 p.m. Thursday, with evening games slated through Sunday. Semi-final and final

Granite City PRESS-RECORD
Thurs., Aug. 19, 1965 Page 29

rounds will be played Monday afternoon and evening. Trophies will be awarded to the first, second, third and fourth place finishers in the seventh annual classic. With the local schools due to resume classes Sept. 1, park officials have expressed the hope that the fifth annual Labor Day celebration will provide some "extra" entertainment for those residents not wanting to leave town for the holiday weekend.

BOY SCOUT CONSERVATION SCHOOL conducted at the Cahokia Mound Council camp near Potosi, Mo., shows scouts and explorers watering newly-planted pine seedlings under the direction of David Menke (far right), camp director. They are, left to right—Robert Bunselmeyer, Richard Grotelend, Ronnie Ruebhausen, Bruce Evans and Kevin Nicol.

COMBATING EROSION by spreading hay over trail scars are several of the 49 Boy Scouts and Explorers who were graduated from the Cahokia Mound Council's conservation and aquatic camp school held last week near Potosi, Mo. They are, left to right—Pat Brees, Bruce Evans, Richard Grotelend, John Rellike and Robert Bunselmeyer.

NESTING BOXES for wood ducks and blue birds are explained by Doyle Beck, Missouri conservation agent, to three of 49 Boy Scouts and Explorers who attended the Cahokia Mound Council's conservation and aquatic camp school last week near Potosi, Mo. The boys are Ronnie Ruebhausen, George Shindel and Kevin Nicol.

49 Scout Conservation, Aquatic Graduates

Forty-nine scouts and explorers of the Cahokia Mound Council have graduated from the Conservation and Aquatic Camp school held at the council's 300-acre camp in Potosi, Mo.

According to Council President A. P. Steinhauser, works manager of American Steel Foundries, the council was pleased with the training given to scouts at the week-long camp. "We plan to increase the attendance and the content of the subjects presented next year," he said.

The camp school program started last week at 6:30 a.m. with reveille. Class and project sessions were held from 8 to 12 in the morning; one to five in the afternoon and 7:30 to 10 in the evening.

In their spare time scouts and explorers worked on related merit badges which included nature, soil and water conservation, forestry, weather, geology, wildlife management, swimming, life saving, canoeing, rowing, zoology, motorboating and fishing. A total of 206 merit badges were earned by those attending the camp.

Conservation Section
In the conservation section, the daily programs were arranged so that a different conservation subject was discussed each day. On Monday, the general subject was "what is conservation and taking care of our natural resources." The instructors were Doyle Beck and Walter Kinkhardt, conservation agents.

On Tuesday J. Lewis Berry, field service agent of the Missouri Conservation Commission, discussed soil and water conservation and demonstrated control. Check dams were built and trails were covered with hay and other material to combat erosion.

Wednesday and Thursday were devoted to wildlife and fish management under the direction of Berry and Lee Redmond of the Missouri fisheries research laboratory. On Friday, Eugene Brunk, the district forester, discussed forestry management and conducted a field trip training

Scouts and explorers graduating from the conservation camp school were Gary Ruebhausen, Ronnie Ruebhausen, Robert Bunselmeyer, Richard Grotelend, Pat Brees, Jim Evans, Bruce Evans, Donald Purkin, Daniel James, Kevin Nicol, Perry Tongay, Richard Duft, Frank Lorens, John Rellike and Ron Yates, all of Granite City; Bryce Ford and Vann Ford, of Madison; William Lamana, Arthur Molinar, Randall Boffard, David Zukosky and Randy Splaingard, of Collinsville; Jim Rauten, Joseph Giljohann, Richard Goodman, and Mike Giljohann of Greenville; Randy Back and George Shindel of Edwardsville; and Dorsey Gibbons and Bill Bell of Highland.

LAND USE PLANS discussed at the conservation and aquatic camp school were conducted by the Cahokia Mound Council near Potosi, Mo., with David Menke, director. They are Explorer Ronnie Ruebhausen and Scouts David Zukosky, Bruce Evans and John Rellike.

Street Striping in GC To be Late This Year

Street striping by the state highway department on major thoroughfares in Granite City will be late this year.

A request for the city to designate the streets for painting traffic lane stripes was sent here last February, the state pointed out, and no request was received. Now the work in Granite City will be at the tail end of the state's work schedule.

Mayor Partney told council members Monday night he would submit the list to the state's French Village office immediately. The streets normally include the full length of Madison avenue, Edwardsville road and 20th street and Missouri avenue.

Two Cars Damaged
Autos driven by Spencer D. Hager of Collinsville and Henry Polotzek of 1427 Fifth street, Madison, were damaged at 4:45 p.m. Monday in a collision in the 1400 block of Third street, Madison. Police reported Hager was driving east on Third street when Polotzek drove out of an alley between State street and Madison avenue, colliding with the Hager auto.

STUDYING MATERIAL about the United Nations during a week-long Youth World session at Southern Illinois University, Carbondale, are, left to right—Danny C. Grober, Wood River; Kathleen Merrill McDonald, 2006 Marshall Avenue; and James Schenk and James H. Glaesner, both of Allon. The high school seniors participated in a mock UN General Assembly.

GC Senior Attends Youth World Session

A mock United Nations General Assembly conducted by 61 Illinois high school students at the Southern Illinois University center, Carbondale, Friday evening climaxed their week of

leadership training under the Youth World program. Among the students participating was Kathleen M. McDonald, 2006 Marshall Avenue, a senior at Granite City high school.

Speaker at a dinner meeting before the opening of the mock General Assembly session was Ahmed Ali, minister, plenipotentiary and deputy permanent representative of Pakistan at the United Nations.

Assigned to represent 31 United Nations including all countries currently members of the UN Security Council, the students were formed into two committees whose reports were debated in the General Assembly session. Discussion centered on UN peace keeping operations under Article XIX of the UN charter and admission of Red China to the UN.

The week-long Youth World program at SIU is sponsored by the Youth World Inc. in cooperation with the SIU division of technical and adult education and department of government. It is designed to develop qualities of leadership in promising high school students who have been approved by their principals and are sponsored by local civic, professional, veteran or fraternal organizations. Among lecturers heard by the

Explorer Post 6 Scouts Floating on Two Rivers

Eight members of Explorer Post Six and two of their leaders are participating in "Chuckwagon Expedition II" this week, a "superactivity" of the post which includes "donut floating" along two Missouri streams. They are using inner tubes or air mattresses to float along about half of a lengthy trail, using the lower part of the Current river and the Eleven Point river. The Explorers left this week from the home of Don A. Beck, adviser, for Big Springs State Park where they set up camp. Monday's schedule called for the gear to be moved about eight miles down the Current River to Cave Springs and Lost Man Cave, the next float camp, and on Tuesday the scouts floated another eight miles along the river to the Hawes Memorial recreation area in the Mark Twain National Forest. Floating gear was stored Wednesday and hiking gear was unpacked for the first of a two-day hike of 40 miles. The longest leg was set for today for a 22-mile hike to the Eleven Point River. They are scheduled for a 12-mile float on Friday and another nine on Saturday to the Highway 150 bridge at Riverton, the pickup point for the return home. In charge of the expedition are Larry Todoff and Bob Eckert, associate advisers. The Explorers are Warren Evans, Mike Sizemore, Steve Willard, Ron Yates, Bruce Morz, Robert Cowan, Mark Hellich and Mike Beck. The boys are wearing life preservers at all times while floating. They are equipped with swim fins. Escorting the convoy is a safety and supply boat, a 10-foot aluminum craft with an outboard motor. It carries a first aid kit, rescue line, patching material, trail packs and other gear. Last year in its Chuckwagon I superactivity, the post hiked 112 miles in 20-mile legs in the Clark National Forest in Missouri. Most of the equipment was carried in a station wagon.

Airman Henderson Receives Medal

Airman Apprentice Bruce A. Henderson, USN, son of Mr. and Mrs. A. Henderson of 1730 Market street, Madison, was awarded the Armed Forces Expeditionary Medal, while serving with Patrol Squadron-22 at U.S. Naval Station, Sangley Point, Philippines Islands.

He was awarded the medal for spending over 30 days in a combat zone in support of naval operations in Viet Nam.

The squadron is currently operating with the Seventh Fleet.

Hays Going to Elmhurst

Charles D. Hays, son of Mr. and Mrs. George D. Hays, 2503 State street, has been accepted as a student at Elmhurst college. A graduate of Granite City high school, he is among the 285 new freshmen scheduled to arrive on the Elmhurst, Ill., campus in September.

Students were William Skadden, Illinois Department of Mental Health; Douglas Kane, legislative intern, K. Neil Thurmond, former John City, Ill., mayor; Kenneth Kennedy, national president of the Future Farmers of America; and Frank Klingberg, Rexford Guy Twigg, Arthur Workun, George S. Counts, and Alvin Hayder of the SIU faculty.

Call Out for High School Youths to Organize 'Y' Clubs

High school youths are being invited to join any of the existing Hi-Y or Tri-Hi-Y clubs in the YMCA, or to form new clubs with their friends and associates. The clubs are adult, volunteers are being sought to serve as sponsors for the club.

Both Hi-Y (boys' clubs) and Tri-Hi-Y (girls' clubs) are affiliated with the national Hi-Y Fellowship and enjoy numerous activities on a local basis, according to Brian Bronsman, teenage director. Bronsman said the Hi-Y idea began in Tonia, Mich., as a high school YMCA in 1870 but did not continue without interruption. Chapman, Kan., has been designated as the birthplace of the Hi-Y since the first high school YMCA with a continuous history. It was founded there in 1880.

Clubs in Pittsfield, Mass., and in Cleveland, Ohio, first used the name Hi-Y in 1911. The movement has grown rapidly since, spreading across North America to numerous nations in the world.

The National Hi-Y Fellowship was created in 1933 to bring together in one great movement all of the 15,000 Hi-Y and Tri-Hi-Y clubs with their half-million members, Bronsman said.

The purpose of the fellowship is to help carry Hi-Y and Tri-Hi-Y into all of the high schools of America and to provide national, state and area leadership and supervision for the benefit of the clubs.

The National Congress is the official legislative assembly of the national fellowship. Once every three years a congress brings together officers, members and advisors of local clubs to consider, with the aid of national leaders, problems and concerns of today's high school youth.

The congress has the responsibility for setting standards of program and organization for the benefit of local clubs.

Annual Meetings
The National Hi-Y Council meets annually except in the year the congress convenes. Composed of one delegate from each state, the council conducts the business of the national fellowship between sessions of the congress.

The 15 Tri-Hi-Y and two Hi-Y clubs at the local YMCA are part of a large complex of high school youth of America, Bronsman noted. Through this type of organizational setup, the clubs can participate in local, state, national and world-wide programs. Any high school youth interested in forming a new Hi-Y or Tri-Hi-Y club or who would like to join an existing club may contact Bronsman at the "Y". He will receive a variety of material to assist him in the club's formation, and personal assistance in getting the club started.

A similar program for junior high school students also is offered. Information and assistance for this program may be obtained from the YMCA.

4 New Street Lights Requested by City

A resolution calling upon Illinois Power Co. to install four street lights was approved Monday night by Granite City council members.

The locations requested were at the rear of 2145 East 24th street, at the alley entrance on 24th street between Adams and Benton streets, in the middle of the 2400 block of Adams street and at the rear of 2711 Cayuga street.

City Revives Idea to Buy Water Company

The two-decade conflict between the city of Granite City and the East St. Louis & Interurban Water Co. over the lack of a franchise was revived Monday night when the city council received a letter from the utility stating that the firm was not responsible for installation of a fire hydrant at the end of Braden avenue on the city boundary line.

The Braden avenue fire plug was first proposed in 1933, and the city recently began pressing for its installation.

R. C. Allender, assistant manager of the water company, pointed out in a letter to the city that it would be up to the city or the residents of the area to pay the cost of increasing the size of the present water line to a six-inch main, since the National Board of Fire Underwriters requires hydrants to be on water mains of at least six inches.

Inadequate Rate of Return
The letter went on to state that the rate of return, should the water company proceed with the larger water main installation, would not be within the amount allowed by the Illinois Commerce Commission.

Alderman Johnson, chairman of the Fire and Water committee, urged the council to renew its efforts for a franchise or possible purchase of the water company. Mayor Partney agreed it might be a good time for the city to buy and operate its own water system.

The council took no action other than to place the water company's letter on file.

The company pointed out a fire hydrant presently is located 535 feet from the city limits on Braden avenue.

Johnson said that the city provides fire protection beyond its limits and that the hydrant at the end of Braden avenue would add the fire department materially in fighting any fires that might break out in the estimated 40 homes along Norwood drive.

The council went on to adopt a resolution calling for installation of six fire plugs. The locations are to be along Madison avenue at 19th street, at 20th street, at 21st street and at Nidderhous avenue, and at Bramley and Washington avenues and at West 3rd street and Ohio avenue.

The word "hoosergon" sounds like an American invention for a jail, but it comes originally from the Latin "judicare," meaning "to judge."

KINFOLK DAY was observed recently at First Assembly of God Church on Grand avenue with the family of Mrs. Roy Hollis and the late Mr. Hollis recognized as the largest family group present. They include, from front, left to right—Jeffrey Seemiller, Rhonda Hollis, Jerry Lynn Ferris, Charles Leggett, Lisa Moutell, Julie Moutell, Dana Hollis and Debbie Roney. Second row—Glen Hollis, Roberto Ferris, Sylvia Seemiller, Linda Smallie, Tommy Hollis, Pam Hollis, Terry Hollis, Billy Thomas, Kevin and Keith Hollis, Maurice Roney Jr., Third row—Viola Caranahan, Eunice Stephens, Arizona Hollis, Naomi Thomas, Lynette Smallie, Maurice Roney, Conrad Thomas, Farris, Mack Coulter, Sharon Coulter, Charles Moutell, Joyce Moutell, Gene Thomas, Norma Roney and Maurice Roney.

Church 'Kinfolk Day' Honors Family of 37

"Kinfolk Day" in the Sunday school at First Assembly of God Church was observed this week and the two largest family groups were recognized in the morning worship service.

The largest family was that of Mrs. Roy Hollis and the late Mr. Hollis, and the second largest was that of the Elmer Down and Robert Anderson families. There were 37 of the Hollis family present and 18 in the Down and Anderson families.

CYC Pilgrimage Sunday To Belleville Shrine

The Alton Deane Catholic Youth Council will sponsor a pilgrimage Sunday to the national Shrine of Our Lady of the Snows in Belleville.

The group will leave from St. Mary's school grounds in Madison at 8:30 a.m. and included in the tour will be a Mass, a set of devotional attractions, lunch, a short lecture and a Holy Hour. Any Quad-City youth planning to attend may contact Noy Shumko at TR 7-2323.

Undergoing Treatment For Rheumatic Fever

Tony Goodman, 11, a son of Mr. and Mrs. Elvin Goodman, 2606 East 25th street, is undergoing treatment for rheumatic fever at St. Mary's Hospital, East St. Louis.

A former fourth grade pupil at Nidderhous school, he has been confined to the hospital for the past three weeks and would appreciate cards and messages from his schoolmates and other friends, his parents said.

The motto of the British royal arms, "Dieu et mon droit," is a reminder of the time when Englishmen spoke French. French became the language of the royal court and the courts of justice after the Normans conquered England in 1066. The motto, by the way, means "God and my right."

STORM WINDOWS AND DOORS—GRANITE CITY GLASS CO. TR 7-5400

Safety Council Advice—

Motorists Should Change Driving Habits at Night

As night falls and fewer cars use the highway, some motorists are lulled into a false sense of security. Since the chances of a fatal auto accident or a serious injury are greatest at low visibility periods after dark, traffic safety experts warn drivers to be extra alert after dark.

The Quad-City Safety Council says, "Nighttime accidents account for three out of five traffic deaths and almost half of all pedestrians killed in traffic are struck down between 6 p.m. and midnight," the council pointed out.

To help motorists drive safely after dark, the Safety Council offers the following tips:

1. Allow more distance for stopping your car. With reduced visibility, recognition of traffic signs and the driver's response to them is delayed.

2. Slow down at night. After dark, every driver needs the extra reaction time that slower speeds allow.

3. Base your speed on your headlight range. Headlights can light up about 350 feet of road way. At 50 mph you need about 243 feet to stop, but at 60 mph you need about 366 feet to stop. Overdrive your headlights, and you're in trouble.

4. Keep your windshield and headlights clean. This is especially important in winter. A spattered windshield magnifies the glare of on-coming headlights, and dirty headlights on your car cuts your visibility.

5. Protect your eyes. Do not wear sunglasses at night or during low visibility. Look slightly to the right of oncoming headlights.

6. Be extra careful passing. Observe the headlight range of the car you are passing.

7. Look to the sides of objects rather than straight at them. Focus on the edges or outlines of objects. Eyes are designed to pick up images more sharply that way than by staring head on.

8. Avoid steady driving around your usual bedtime. A driver's alertness level drops sharply about the time he is accustomed to going to bed.

9. Use your lights carefully. Don't drive after dark unless all headlights and signal lights are working. Never drive with parking lights on, dim your lights when approaching another car, and flick your lights quickly when attempting to pass another car.

10. Make it easy for others to see you. Signal each time you intend to do something, and do it in plenty of time. Pump the brakes when you slow down to alert drivers in back of you, turn your headlights on at dusk and dawn, and if you have a break-down, switch on all the lights to warn other drivers.

If large numbers of tuberculous germs escape suddenly into the blood stream, the disease develops rapidly and affects many organs. This condition is known as generalized TB, and is usually fatal unless drug treatment is started promptly.

Last Summer For Ice Cream Vendors in GC

The days of the jingling and the musical ice cream vending trucks are numbered in Granite City.

Council members voted 10-to-1 Monday night to approve an ordinance which repeals the City Code licensing and permitting the trucks to operate on streets.

The effective date is next May 1. Action on a revised version of the anti-strikebreaker ordinance submitted Aug. 2 was deferred by the council, and no vote was taken on a motion for first reading.

The ordinance to ban ice cream vending trucks was first proposed in June, but objections were raised to the inclusion of "food" sales. Proponents of the confection-type ban said food peddlers, such as hawkers and home deliveries of bread and milk are covered and protected by other sections of the City Code.

Hazards to Children
Alderman Parmley, who initially called for the ban, said residents of the Sixth Ward were objecting to the dangerous condition created by children chasing the trucks. He said at least six youngsters have been hurt and one killed.

In opposing the ban on the trucks, Alderman Bartosiak said he had been called by Sixth Ward residents who said they favored the convenience of the trucks since areas in which they lived are zoned residential and it would be necessary for the children to walk long distances to get ice cream.

Bartosiak, Johnson and Sternberg voted against the ban, while Alderman favoring it were Rutledge, Whitmer, Boyd, Dallas, Moerlein, Thompson, Fry, Parmley, Pooler and Green.

Strikebreaker Law Deferred
The re-written anti-strikebreaker law follows basically the original ordinance. However, the penalty of \$100 to \$1000 fine or imprisonment for a term of not more than a year was changed to "a fine of not more than \$200 or by imprisonment for a term of not more than six months, or both."

Added was a stipulation that if any portion of the ordinance is found to be unconstitutional, the validity of the remaining portions shall be unchanged.

The ordinance was presented to the council by Alderman Thompson of the Ordinance committee, who requested it be referred to the city attorney for a written legal opinion. His action was opposed by Alderman Boyd, who said the ordinance should be read and put to a vote.

Thompson's motion for referral.

Granite City PRESS-RECORD

Thurs., Aug. 19, 1965 Page 25

presented to the council by Alderman Bartosiak and Rutledge.

Following the council session, a spokesman for the striking Oil, Atomic & Chemical Workers Local 7-833 of Union Starch & Refining Co. told the Press-Record that he has information that 20 cities throughout the nation have passed anti-strikebreaking ordinances this year and three states have such statutes. "To date," he said, "78 city laws have been passed, and the last was Salem, Mass."

Petitions Urge Adoption
Petitions signed by nearly 1000 persons urging adoption of the anti-strikebreaker law were presented to the council.

TR 7-4425

Pre-kindergarten pupils and their teachers in the Venice "Head Start" program entertained parents and friends at a recent open house as one of the final activities in the seven-week pre-school preparation program which terminates tomorrow.

The children presented a short

program of nursery rhymes, an Indian song and demonstrated various new games they had learned. They were accompanied at the piano by Miss Rogers Davis, a teacher in the Venice program.

Afterwards, the parents were served cookies and punch from a table decorated with a colorful array of cut-glass dishes, silver candle-holders and fresh garden flowers.

Miss Charlene Ryan and Mrs. Anna McKinney served as hostesses, assisted by Miss Florence Malotte, a retired Venice teacher. A fair of the class-room was made by the guests who inspected items made by the youngsters while attending "Project Head Start."

During the Venice program, the 41 pre-schoolers shared many new experiences, the teachers reported. They went on field trips to Grant's Farm, Busch Park zoo and local points of interest in the Venice-Madison area. All of the youngsters will attend kindergarten this fall.

GO TO CHURCH SUNDAY

Favors Revival of Master Sewer Program

Mayor Donald Parney told a well-attended meeting of the Granite City Rotary Club Tuesday afternoon that he would favor the revival of the Granite City Master Sewer and Drainage program as a means of assuring adequate sewage facilities for the city's inevitable expansion to the east of the community. Approximately 40 Rotarians attended the meeting.

The mayor's statement came during answers to a series of questions put by Rotarians after Mayor Parney, scheduled to make a talk on problems facing the city, turned the period into a question and answer session. The mayor declined comment on only one question, that concerning an anti-strikebreaker ordinance which the city council has considered, and deferred, for several weeks.

Asked when the city's new sewage treatment plant is expected to be completed and put in operation, the mayor replied

that the plant is expected to be in use next year. A subsequent question involved the annexation of 117 acres of Namoki township territory which the council gave tentative approval Monday night and the adequacy of sewage facilities to serve the territory.

In response the mayor said, "we need improved sewage facilities. I would like to see the council come in with a revised program—the original bond is due of several years ago. I would like to see the program revised and the people fully informed as to what it is and what it would mean."

Separate Systems Needed

The mayor explained that if we could separate our systems, division of stormwater and sanitary sewage, we could accommodate double our present population.

Granite City sewers are combined in most areas. The sewer and drainage program referred to by Mayor Parney involved a \$50 million dollar bond issue. The proposal was defeated in a referendum vote.

The mayor also explained the part played by his office in bringing about right-of-way acquisition for the Namoki Road improvement project. In response to a question as to the status of the project, the mayor explained that when he took office there had been a series of delays in com-

pleting right-of-way work by the city, and that condemnation proceedings by the city would have required more than a year.

In meetings with highway officials, he said, his office worked out a plan under which the state highway department took over the right-of-way work and filed condemnation proceedings under a state privileged section of law. He said bids on the Namoki road job now are expected to be called Sept. 24.

He explained the city's plan for revising the system of stop signs throughout the city, pointing out that the city has employed a traffic engineer which now is engaged in making the revision. One club member asked Parney if it were true that interference was being presented by aldermen in carrying out a new traffic control program.

16 Traffic Engineers

"When we started on this plan we had 16 traffic engineers on the city council," the mayor replied. "But we now have them down to about two or three."

He said that plans also are being prepared through the traffic control committee and the traffic engineering and the traffic engineering for offstreet parking in the downtown area—"which we hope to carry out with the help of the businessmen; financial help, that is."

Garbage and trash collection always has been one of the city's

biggest headaches, the mayor told the club members.

He said the city now has a good contract which was obtained at a savings of about \$20,000 a year, and that the landfill to replace burning at dumps has worked out well.

In response to a question on whether he would favor the widening of Netherland avenue to provide parking, the mayor said he would not. He said there are other streets that need improvement "much more than Netherland" and that he did not favor angle parking in any case because it interferes with traffic.

Other points discussed by the mayor included a revision of the assessment system, which he said is out of the question because it would take about \$50,000 which is not available; a need for additional parking area around St. Elizabeth Hospital, another project which will be worked out by the city's traffic control committee and traffic engineer; and revision of the city's master plan which is being carried out by the city planning and zoning commission.

Earnings for Laclede Down for First Half

Laclede Steel Co. sales for the first half of 1965 were higher than those of 1964, but the net income was down, it was reported this week by company president, W. M. Akon.

Sales in the first half of this year totaled \$40,670,445, compared to \$39,688,068 in the same period of 1964. Net income for the first half of this year was \$880,345, equal to \$237 a common share of stock, while in the same period of 1964 the net income was \$1,035,070, or \$3.02 a share.

Indicated sales for the second quarter this year were \$21,791,954 and indicated earnings were \$329,069.

Tire, Wheel Stolen

A spare tire and wheel were stolen from the trunk of a 1963 auto owned by George Clemens, 225 N. Illinois avenue, between Sunday and Tuesday morning, he reported to police.

Courts Seek Cash For Licenses on Old Traffic Cases

A crackdown on drivers who have deposited their licenses as bail and failed to appear in magistrate's court on traffic tickets is being instituted by the office of the Madison county clerk and traffic division, Willard Portell, of Granite City, circuit clerk, announced today.

A heavy backlog of such cases has accumulated, particularly with defendants residing out of the county or state.

Portell has instructed all deputy clerks to compile lists of cases in which appearance dates have expired, present them to magistrates and ask that default judgments be given and fines assessed.

A letter then will be sent to the defendant informing him of the judgment, and a copy of the court order will be sent to the Illinois secretary of state or to other states.

If full payment is not made, Portell said, revocation of the driver's license may result. Such drivers will be given 10 days to make payment before action will be taken with the secretary of state.

In many cases, out of county or state residents forget about a traffic charge after leaving their driver's license as bail. But with the new policy, Portell expects collections on a number of the fines as driver license control departments will make a record to stop issuance of a duplicate license if a request is received.

\$17,500 to Repave Sections of 4 GC Streets

Resurfacing of deteriorated concrete streets at four locations will be carried out by Macdon Asphalt Co., East St. Louis, under a \$17,518 contract award Monday night by Granite City council members.

The streets to be improved are the 2300 block of State street and an extension for about 100 feet at the 24th street parkway.

the south side of the 27th street parkway between Benton and State streets and 100 feet of the north side of the parkway east of Benton street.

Twenty-first street is to be resurfaced from Benton to State street, and the intersection of Boyle and Spaulding avenues in Glenview is to be resurfaced.

The firm's initial bid of \$18,068 was reduced by \$550 with the city street department to sweep the pavements in advance of the resurfacing.

The \$17,518 bid covers 12,000 square yards of resurfacing, and if the yardage is exceeded, the rate will be \$1.62 per additional square yard.

Another bid of \$1.65 was submitted by Holland Asphalt Co.

Granite City PRESS-RECORD
Thurs., Aug. 19, 1965 Page 37

GUEST SPEAKER: Rev. Vernon Pettenger, an Assembly of God Missionary who has lived most of his life in South Africa, who will speak Sunday at 7:30 p.m. at First Assembly of God Church, 24th street and Grand avenue.

Missionary to Speak Here Sunday Evening

A guest speaker Sunday at First Assembly of God Church, 24th street and Grand avenue, will be Rev. Vernon Pettenger.

Rev. Pettenger is the son of a missionary and spent most of his life in South Africa. Both he and his wife were born there and came to the United States in 1947 to attend Central Bible Institute in Springfield, Mo.

In their recent term the Pettengers divided their time between evangelism and Bible school work. For the first four years they cooperated with African preachers in holding tent revivals in a number of new cities.

The service will be held at 7:30 p.m. Sunday and a highlight will be the showing of a film featuring a series of game pictures, including a sequence, filmed while an elephant charged the car in which Mrs. Pettenger was riding. The public is invited to attend the service.

Fall Schedule for Courts Set by Chief Judge Clark

A busy fall schedule for the Madison county Third Judicial Circuit has been announced by Chief Circuit Judge Harold R. Clark and released through the office of Circuit Clerk Willard Portell.

Jury trials will be held the first two weeks of each month in Granite City, Edwardsville and Alton. A docket call will be held promptly at 9 a.m. each Friday preceding the week of jury setting at Edwardsville in Court Room No. 1.

At the docket call it is anticipated that two cases will be assigned to Granite City and two to Alton for trial on the following Monday, and counsel will be directed to report to these courts.

Area Industries Seek FPC Ruling On New Pipeline

Eleven industries which are part of the Granite City group seeking increased natural gas supplies for the Illinois-Metropolitan area have urged the Federal Power Commission to make an early decision in the long pending case proposing a new source of supply.

The firms have sent a series of telegrams to each of the five FPC commissioners, supporting the application by Oklahoma Illinois Gas Pipeline Co. to build a new \$64,000,000 pipeline into the area. Two of the industries pointed out they manufacture military products and that inadequate gas supplies might hamper production. All eleven of the firms have signed contracts with the Oklahoma Illinois company.

The telegrams were sent at a time when reports were circulating that a decision was imminent and that the decision would deny the new pipeline request. An FPC spokesman declined to confirm or deny the reports.

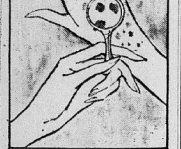

The 11 industries in the so-called Granite City group of manufacturing plants seeking new supplies through the proposed new pipeline now are served by Mississippi River Fuel Corp. of St. Louis which has a monopoly on natural gas piped to St. Louis.

The companies include Granite City Steel Co., Laclede Steel Co., Cerro Copper and Brass Co., Olin-Matheson Chemical Corp., Dow Metal Products Co., National Lead Co., Charles Pfizer & Co., Inc., American Zinc Co., American Oil Co., Shell Oil Co. and Pittsburgh Plate Glass Co.

Shell and Pittsburgh said expansion plans were dependent upon increased gas supplies.

The pending case began in May 1962, when Oklahoma Illinois applied to the FPC for a certificate to build a 601 mile pipeline from storage fields in Oklahoma to serve a number of rural Missouri communities.

Driving Charge Filed
Eldon R. Goodson, 1842 State street, was arrested at 4 p.m. Monday at 30th street and Madison avenue on a careless driving charge. A hearing is set Aug. 24.

Those Horrid AGE SPOTS* - WRINKLES

Fade Them Out!
Weathered brown spots and wrinkles! They tell the world you're getting older—before you really are. Fade them out with ESKA, new medicated cream that breaks up masses of pigment on the skin—makes hands look white, smooth, and young again. Equally effective on face, neck and arms. Not cover up. Poreless skin cells to stimulate new, smooth beauty. Fragrant, graceful—admirable, delicate and moisture skin. Now only \$2.00 for 3 ounces. 1 month's supply used as hand cream & powder foundation. If you want lovelier skin quickly get ESKA today.

Farm Column
 By Truman M. May
 Madison County Farm Adviser
COWS AND PRODUCTION
 Only cows with a relatively high level of production will produce enough milk to cover overhead costs and earn a satisfactory return above feed costs. Overhead costs represent a high proportion of the cost of operating a car or maintaining a dairy cow. Insurance is a good example of an overhead cost for a car, as is the feed cost for a dairy cow.
 The more miles you drive your car, the less it costs per mile for insurance because the cost is spread over a greater number of miles. The same is true of a dairy cow, whose mileage is measured in terms of pounds of milk produced per year. The more milk a cow produces, the less it costs to produce each pound of milk, since the feed cost is spread over more pounds. Feed costs for body maintenance account for much of the fixed overhead cost for cows. Illinois Dairy Herd Improvement Association records for 1965 show that the feed cost for one cow producing 12,000 pounds of milk per year was 92 dollars less than the total feed cost for two cows each producing 6,000 pounds of milk.
 For this reason only cows with a relatively high level of production will pay for overhead costs and make a satisfactory return above feed costs. Dairymen should cull from their herds all cows of the higher testing breeds that produce less than 5,000 pounds of milk per year and cows of the lower testing breeds that produce less than 7,500 pounds of milk.

Air Evacuation Time for Wounded Cut by Two-thirds
 The Air Force has cut the time it takes to air evacuate wounded men from overseas to the U. S. by two-thirds since the Korean War.
 In Viet Nam this means that flights that once took 40 hours are now completed in 13 hours of flying time across the broad Pacific. The reason is modern jet aircraft.
 This rapid aeromedical evacuation system, coupled with advances in medical technology, permits scarce medical specialists to be concentrated in areas where they can be most effective. Further, it contributes to a decrease in combat fatalities.
 In World War I, 81% of the wounded who reached medical facilities died. During World War II, the rate was 4.5 and during the Korean conflict the rate was reduced to 2.3.
 During the Korean conflict, it took aeromedical propeller aircraft from 22 to 40 hours to air-lift sick and wounded from Japan, Korea or Southeast Asia. Today the same flights are made by jet aircraft in 9, 10 and 13 hours.
 The Military Air Transport Service, the Air Force command responsible for military aeromedical evacuation, estimates that patients can be moved from any part of the world to U. S. hospitals in less than 24 hours.
 Overseas patients arrive at Travis AFB, Calif., or McGuire AFB, N. J. From these points

that produce less than 7500 pounds of milk. . . .
CLEARING POND ALGAE
 Algae are small plants that cause trouble in farm ponds because they discolor the water and give it a bad taste and odor. When heavy infestations occur, they can create problems for fish living in the ponds by depleting the oxygen content of the water, making it impossible for various desirable species of fish to live in some areas of the pond.
 The control or elimination of this nuisance is simple and will not harm people, animals or fish if the directions are followed carefully.
 If a pond is heavily infested with mats of tangled growth, it is best to remove the dense masses by raking or dragging. Pull such mats out of the water and pitch them high on the bank so that the sun and air will kill the dense material in the mats. Then this material won't reseed the pond.
 The concentration of chemical used in the water is the key to successful elimination of weeds with the standard rate of one pound of chemical per acre of water, or 2.7 pounds of copper sulfate per acre foot of water. The number of acre feet in a pond is figured by multiplying the surface area in acres by the average depth in feet. For example, a pond that covers 2 acres and has an average depth of 6 feet contains 12 acre feet of water. A pond like this would require 444 pounds of copper sulfate (12 times 37 pounds) if the entire pond is treated. Test material is to spray all the algae-covered surface thoroughly. Detailed directions for use of the treatment may be obtained at the farm adviser's office.
 If the algae is concentrated in specific areas, spot treatment will be sufficient and the fish can move to untreated portions of the pond. If the entire pond is affected, it may be advisable to treat only half the pond at one time.

TOP HERDS IN COUNTY
 The ten highest producing herds in the Madison County Dairy Herd Improvement Association in July were owned by Leland Steiner, C. C. Becker and son, R. M. Kuttin, Willard Blase, Elmer Klenke, Normann Henke, Jim Beane, Mary Sülle, Vernon Becker and Harold Klenke.
 The highest producing herd for the month was owned by Leland Steiner. This herd consisted of 23 cows. The average production was 167 pounds butterfat and 49.3 pounds milk per day with an average butterfat test of 3.4 percent.
DANGEROUS JOB
 Silo filling can be one of the most dangerous jobs on the farm. That's because roughages containing high concentrations of nitrate give off reddish-brown nitrogen dioxide or other nitrogen oxide gases when they are ensiled.
 Nitrogen dioxide is a heavier-than-air, poisonous gas that collects on the surface of the forage. Humans or animals who inhale it become seriously ill. The gas has killed several farmers.
 University of Illinois scientists give these tips for best protection against nitrogen dioxide poisoning at silo-filling time: Run the blower at least 10-15 minutes before entering a partly filled silo. Keep the blower working while you are in the silo. Let the silage build up before replacing silo doors. Maintain good ventilation inside and outside the silo. Keep children and animals away from silos. Don't enter the silo for 7-10 days after filling.
 Since the highest nitrate accumulations are found in the stalks of plants, roughages are the greatest source of danger. Experience shows that corn stalks and oat hay are the most dangerous. But alfalfa hay and clover also may contain toxic levels of nitrate under severe drought conditions.

TIPS ON GRASS SEED
 Whether you're planting a new lawn or renovating an old one, it will pay you to take a close look at the label on the seed. By reading the label, you'll find out the kind and variety of seed, purity, germination rate and percentage of noxious weed seeds. These things are usually more important than price.
 A germination of 85%, for instance, tells you that about 85 of every 100 pure seeds will grow if they have the right care and growing conditions. While checking the germination rate, also check the date of the test. The date the seed was tested must be no more than six months before it was shipped across a state line. State laws prevent the sale of old seed; most states allow nine months from the testing date.
 The label also shows the percentage of pure seed, as well as percentages of other crop seeds, weed seeds and inert matter, such as chaff, dirt and stones. For seed shipped into a state, the Federal Seed Act requires that the label show whether any noxious weed seeds are present. The number cannot exceed the permissible limit set by the state into which the seed is shipped.
 The best time to seed lawns is from now until Sept. 15. Don't use tall fescue and bentgrass seed mixed with bluegrass. The Kentucky bluegrasses - Common, Delta, Park and Merion - do well in Illinois. For shady or dry areas, use some of the red fescues, such as common creeping red or Pennlawn.

License Reassignment Date Advanced--Sept. 30
 Secretary of State Paul Powell today reminded motorists who desire to retain their present Illinois plate numbers that the Illinois General Assembly changed the effective reassignment date to the period beginning Sept. 30. Previously the dates were Oct. 1 to 30.
 The application must include a request for a reassignment of their numbers. Under the provisions of the Motor Vehicle Law, every person has the right to retain his number from year to year, provided he applies before Sept. 30. There is no additional fee required for this service.
 Applications for the 1966 motor vehicle registrations will be available on or about Aug. 27, through the usual outlets - currency exchanges, automobile dealers, notaries public, banks, newspaper offices and the three Cook County Motor Vehicle Facilities in Chicago.
 The General Assembly also amended the law to increase the license plate fee fifty cents. This increase is to provide for the refection of the 1966 license plates.

ISU Scholarship Awards Go to Two GC Students

Two Illinois State University students from Granite City have been named recipients of the 1965-66 Martha R. Gregory Memorial Scholarship award, according to an announcement by the office of Student Financial Aids at ISU.

The recipients are Barbara Jean Morrison of 2428 Grand avenue, and Sandra Lee Studebaker of 2039 Edison avenue. Both will receive cash awards for use at Illinois State during the coming school year. They were selected for the scholarships on the basis of academic excellence and faculty recommendation.

The scholarship fund was established by Carl Gregory in honor of his late wife, Martha R. Gregory. Mr. Gregory was graduated from ISU in 1931 and prior to his retirement, had served as a teacher and principal in the public schools of Illinois for 36 years. Only students from Madison county may qualify for the Gregory scholarship, with applicants from Roxana high school given first preference.

McKechan Installed As Head of Roca Club

Jerry McKechan was installed as the new president of the Roca club during installation ceremonies Saturday night at the Moose lodge.

Reigning over the event was Marilyn Glozik, daughter of Mr. and Mrs. Edward Glozik, 3709 Fair Oaks drive, the club sweetheart during the current season.

Others installed were Terry Moore, internal vice-president; Rick Turner, external vice-president; Ron Turner, secretary; Dan Wilson, treasurer; John Pinegar, sergeant-at-arms; and Terry Lybarger, pledge-master. Graduating seniors honored were Harry Briggs, Mike Lewis, Jerry Lybarger, Nick Petrella, Jim and John Pomeroy, Ray Swenson, Rich Whitsell and George Wolfe.

A party followed and refreshments were served.

School Districts to Levy 'Tuition' Tax

The Granite City, Madison and Venice school districts will levy an additional three-cent tax, or at least part of it, under a new state law making it mandatory for each district to pay additional costs of students wishing to attend junior college, it was learned by the Press-Record today.

The new bill, signed into law by Gov. Otto Kerner recently, provides that any school district not located within the boundaries of a junior college district must pay the difference between the state aid allotment and the full tuition cost for any student living within the district who wishes to attend a junior college in another district.

At the same time, school officials at Venice and Madison said they also will levy an additional "five cents" for transportation costs allowable under another state law which increases maximum tax rates for the educational, building and transportation funds. Granite City expects to hold its present two-cent rate for this purpose.

The bill raising maximum tax rates, signed last week by Gov. Kerner, increases the maximum educational fund rate from \$125 per \$100 assessed valuation to \$130; the building fund rate from its present 25-cent maximum to 37.5 cents, and the transportation rate from the present two cents to eight cents.

Approved by Vote
Russell D. Johnson, superintendent of the Granite City school district, said the educational fund rate increase does not apply to the district which now has an allowable maximum of \$215 under referendum approval of last May. The current rate is \$173 per \$100 assessed valuation for this fund.

The new Granite City levy scheduled for passage next month also will hold to the current 25-cent rate for building purposes and current two-cent rate for transportation. Johnson said he will recommend to the school board, however, that at least a part of the three-cent rate established for junior college tuition be included in the new levy.

The superintendent said a full three-cent rate would provide about \$37,000 under existing valuations. As yet, he said, there is no means of determining what demands may be made on such a fund. In any case the plan will not apply until next year since the law provides that students planning to attend junior college under the tuition payment system notify the school district of such intentions by July 1. In addition, the new tax will not be collected until next year.

At Venice, School Supt. John Pier said that the new school district levy, also scheduled for passage in September, will total \$1,951, including an educational fund rate of \$1.50, an increase of 12 cents over the current rate of \$1.38. The building fund rate, however, will decrease six cents from the current 25 cents per \$100 valuation to 19 cents. The transportation fund rate will be increased under the new state law from the current maximum of two cents to five cents per \$100 valuation. The rate for bonds and interest will be 37.5 cents, the working cash fund rate .026 of a cent and the municipal retirement fund rate will be one cent.

Mothers to be

NORMAS
MATERNITY SHOP
2922 Nameoki Road
TR 6-4549

As a result, the only phase of the new tax rate bill which Venice will apply will be that increasing the transportation rate from two to five cents. The district now has an overall tax rate of \$1.904.

Madison Supt. Wensel Brown said there is not likely to be any increase in that district's current rates, with the impossible exception of a boost in the transportation fund, and it is not known at this time what that may be. The present educational fund rate of \$1.50 is excluded.

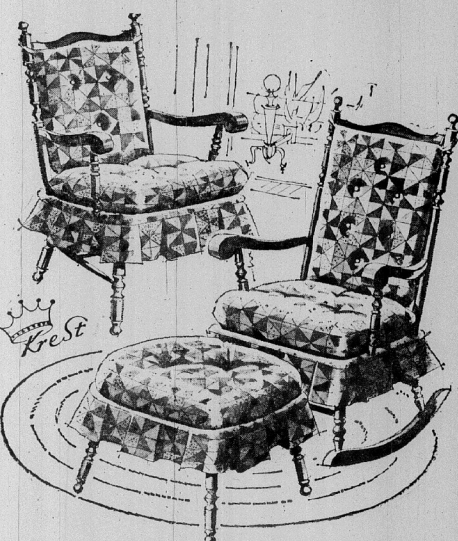

He said, however, that the three-cent rate for junior college tuition undoubtedly will be applied. A three-cent rate under the district's present valuation would provide about \$8000, Brown said, based on a 100% increase in tax collection. Considering usual delinquencies and loss and cost of collection, income from the rate should be around \$9000, he said.

Traffic Offenders May 'Pay by Mail'

A new plan of paying fines by mail for Madison County traffic offenders, complete with printed mailing forms, will be initiated in the Quad-City area within the next two weeks by Circuit Clerk Willard V. Portell at Edwardsville.

The plan will be instituted under a Supreme Court ruling which held recently that certain minor traffic offenders may, if they wish to "plead guilty as charged," simply pay a deputy circuit clerk, without the necessity of an appearance before a magistrate.

The program is expected to be a convenience to many persons who receive traffic tickets or are arrested on minor traffic offenses, since they will not be required to miss a day's pay to appear in court. They will be able to make payment by mailing a money order or certified check to the circuit clerk's office.

Traffic offenders will be notified by arresting officers that they may make payment by mail through a printed form which folds into an envelope and which may be filled in with the required information. The officers will give the form to the offender.

On the other hand, if the offender desires to contest the

Communication Skills Courses are Offered

Metropolitan College of St. Louis University will offer a program in communication skills beginning this fall. It was announced today by Dean Leonard S. Stein.

The non-credit university-level program is designed for persons in the professions, business, labor, government and community activities who want to improve their skills in oral and written communication, reading and study and in human relations.

The program will consist of evening courses, one during each fall and spring semester. A "Certificate in Communication Skills" will be awarded to those who complete all four courses in the program, or courses may be taken individually.

Four specific objectives of the program are: 1) improvement of basic technical skills in oral and written communication; 2) increase in reading speed and comprehension; 3) increase awareness of the role of language and linguistic principles in communication; 4) understanding of the basic principles of good human relations and the importance of communications in human relations. Additional information on this program may be obtained by writing to Metropolitan College of St. Louis University, 221 Grand, or calling JE 5-3300, ext. 365.

Sheriff Studies New Merit System

Establishment of the merit system for employees of the Madison County sheriff's office under a new state law approved in the last session of the legislature, was under study today by the office of Madison County Sheriff Barney Fraumort and will be presented soon to a committee of the county board of supervisors.

Sheriff Fraumort said today that he and Chief Deputy George C. Hamach attended a meeting in Chicago recently of representatives of the counties affected by the new law to learn details of the operation of the merit system which, the sheriff said, will take operation of the sheriff's office "out of politics."

The plan would require appointment of a three-man "Merit Board" by the county board of

supervisors. The merit board then would set up rules and regulations under which appointments to specific jobs in the sheriff's office would be made. All appointments to these jobs thereafter would be made by the merit board.

Fraumort said representatives of eight of the 13 counties affected by the law attended the Chicago meeting which included talks by Cook county officials who have operated such a system for many years.

The sheriff said there were several points of the law that will have to be cleared up by the state's attorney's office before he can present the matter to a committee of the county board. It will be up to the county board of supervisors to determine whether or not the system shall be applied in Madison county.

ORVILLE E. HODGE, native Granite Cityan, who will be associated with Woodrume Olds, Inc., local Oldsmobile dealer, starting Aug. 20. For the last two and one-half years, he was connected with Belmore Hardware Co., and formerly operated the Hodge Real Estate and Insurance Agency here for nearly 35 years.

During the past couple of years, Hodge has sold new and used cars for General Motors agencies locally on a part-time basis. His success led to the offer of a contract by the Woodrume firm to represent it in the metropolitan St. Louis area.

"I hope my friends will give me the opportunity to serve them when they are in the market for a new or used automobile," he said.

**Dial your heating
contractor today**

**...and dial automatic
comfort with GAS HEAT
next winter**

A PHONE CALL to your heating contractor today is all it takes to assure your family of dependable heating comfort in the cold months ahead. With natural gas heat, there's no worry about your fuel supply. Just set the dial on your thermostat to the temperature you want. With gas heat, it's just that simple. No more clinkers and ashes to fuss with... no more nuisance of ordering and storing fuel.

Right now, there's an ample supply of natural gas for all who want it. Just ask at our office for your gas heat permit.

Don't put it off. Get the jump on winter by dialing your heating contractor now.

Harry Sabol, Top U. S. Bond Salesman, Leaving for Israel

Harry Sabol, a man who has won the admiration and respect of many Quad-Cityans, will soon depart from this country and travel to Israel where he plans to live during the remainder of his life.

Sabol, who recently observed his 87th birthday, plans to leave St. Louis by plane for New York in about two weeks. He intends to stay there for two or three days and visit the World's Fair. From there he will travel again by air for Tel Aviv or possibly Haifa, Israel.

By Press-Record Staff Photographer
HARRY SABOL

The little tailor, who now is retired, was employed by Fleishman's Men's store for two years during world war II and operated his own small shop on 19th street in Granite City for 21 years before he closed it in 1962.

He became a tailor at the age of 13, two years after his father had died, to help support his mother, four sisters and a brother.

Sabol came to this country from Czarist Russia, where he says there was no opportunity for a Jew, in 1904. He had served in the Russian army from 1901-1902 as a tailor for a medical doctor, who had the rank of general.

Listening to Sabol, a deeply religious man, is enough to restore a cynical person's faith in his fellow man, his friends note.

Sabol says that he refrained from operating his own business during world war II because he did not want to make money off it.

3 Sons in War

All three of his sons served in the armed forces during the war.

His eldest son was injured in a training maneuver and hospitalized as a result. The youngest one was in a plane that was shot down over Germany; he was held prisoner for 11 months by the Nazis.

The other son attained the rank of major during his stint in the service. Of his sons returning to this country safely, Sabol said, "God was with me. My sons came home."

Although he had three sons who were serving with Uncle Sam in that time of peril, Sabol thought that he, too, owed his country some assistance, so he began selling U. S. Savings Bonds and stamps. Just to make a sale, he would sometimes pay for a bond with his own money and sell it to some one on credit.

\$2,000,000 Bond Sales

After the war Sabol continued to sell bonds. About three months ago he reached a goal which he had set for himself: selling two million dollars worth of the government securities. This is certainly a most noteworthy achievement when one considers that his services were rendered gratuitously.

While Sabol kept a record of his bond sales, he was unable to keep track of the stamps which he sold. The little patriot is thankful to those who aided him in his sales efforts, especially the Granite City Trust & Savings Bank.

Sabol has worn a colorful costume in the past to attract attention to his bond-selling campaign. In addition to a hat, the outfit consists of a patch-work coat and matching pants. The coat is decorated with "Buy Bonds" emblems.

Although he is still in mourning for his wife who died several months ago, Sabol is contemplating the possibility of wearing his costume in New York to help him sell more bonds before traveling to his future home.

Wants to Live 108 Years

Sabol, who now resides in University City, Mo., has set an other goal for himself. He wants to reach the age of 108; his mother lived to be 103. Although he confidently thinks he can make it, he said, "It will be only by the goodness of God."

When asked to what does he attribute his longevity, Sabol, answered in terms of his faith in God and his food and drink idiosyncrasies.

He does not smoke and has never drank alcoholic beverages. His favorite meals include bread that is three weeks to a month old and boiled water together with a small portion of milk and honey.

Sabol wants to be in Israel in time for the Jewish holidays which begin in the latter part of September. While there he plans

By Press-Record Staff Photographer

BOND SALES COSTUME worn by Sabol to attract attention during his selling campaigns. He may again wear the outfit at the World's Fair in New York in an effort to sell more of the government securities. (This picture was taken in 1962.)

to offer his assistance to any hospital, old folks home or orphanage that can utilize it.

His friends here pointed out—It is, indeed, unfortunate that a man such as Sabol, who has served his country so well, National Auto Supply establishment in Granite City, succinctly describes Sabol as an unmixed moralistic and noble man.

Three Radar Arrests On Speeding Charges

Three drivers were arrested Monday afternoon on speeding charges as police placed their radar unit into operation.

They were Robert E. Strohm, 2248 Washington avenue, and Robert W. Johnson, 2912 Dale avenue, both stopped at 2700 Madison avenue, and Terence L. Rose, 2681 Center-street, ticketed at Benton street and Felling road. Aug. 26 appearance dates were set.

Car Plug Wires Removed

Nancy Johnnesse, 5200 Name-oki road, reported at 2:45 a.m. Tuesday that during the night vandals removed all the spark plug wires from her 1958 auto while it was parked in the 3000 block at Kirkpatrick Homes.

Opposition to Duplex Along Idaho Avenue

Referred to the Plan Commission Monday night by Granite City council members was a petition with 37 signatures opposing a zoning change for a duplex dwelling on a lot at Troy and Idaho avenues.

The change from a single-family dwelling was requested two

weeks ago by Otilio Valencia jr., 1701 Bremen avenue. Signers of the petition were adjacent property owners. The lot is in Yourcen Colonial subdivision west of Wilson Park.

Madison 'Head Start' Provides World of Activity for Capacity Enrollment

Capacity classes in the Madison phase of Project Head Start, which terminates tomorrow along with other area programs, prohibited a number of eligible applicants in the Madison school district from participating. It was learned today from Raymond Druegh, Madison county assistant superintendent of schools and project director for Madison, Venice, Livingston and Worden programs.

Six classes, with the mandatory limit of 15 pupils per class, have been conducted for the past seven weeks at Blair school, College and Meredocia streets, Madison.

Ninety-one youngsters were enrolled in the Granite City pre-kindergarten program and 41 in the Venice district.

Druegh reported that teachers and workers in the Madison program are greatly encouraged with the studies observed in the participating pre-schoolers. He added that they expect the results of Project Head Start to be even more pronounced in showing wide differences between those attending the classes and children who will enter kindergarten for the first time this fall.

Cooperation Praised

The program administrator stressed the wholehearted cooperation received by all involved in the program, including parents, teachers, teacher's aides and volunteer workers. He pointed out that several community resources have been utilized to make education field trips to be made by the pupils.

Primary and kindergarten teachers who supervised the Madison program, were Mrs. Margaret Green, Mrs. Bettie Williams, Mrs. Maryann Jones, Mrs. Alice McCurtis, Mrs. Addie Darden and Mrs. Virginia Washington.

Those serving as teacher's aides included Vernice Johnson, Lorraine Sullivan, Lucille Payne, Maxine Carter, Beulah Reddick and Evelyn Stanley.

During the program, bus trips were made to St. Louis, where the pre-school age students toured the Goldenrod Showboat, the construction site at the Gateway Arch and observed with interest the barges and other river traffic. On this particular trip they returned via East St. Louis.

KNOWLEDGE OF LIVE ANIMALS, FISH AND PLANTS, introduced to the pre-schoolers in class, later was expanded on educational field trips to the St. Louis zoo, Grant's Farm and parks. One of the children waters a plant, others show

Interest in an aquarium, while the little girl in the foreground appears more devoted to her kindergarten reader. Daily lessons were designed to reach the youngsters on an individual basis by limiting classes to 15 pupils each.

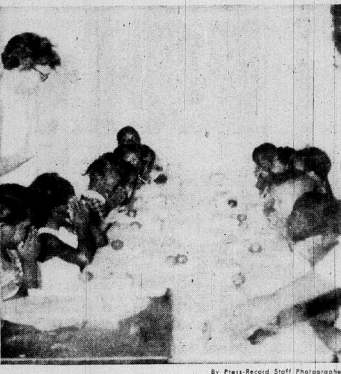

and visited the U.S. State with a tent, concluding with a sight-seeing trip through Granite City and Madison.

Go Behind-the-Scenes

Other outings took them to the Forest Park zoo, Grant's Farm and a picnic at Lee Park at Jeffersonville, Ind., where Venice. They also observed first hand the behind-the-scenes activities at the First Granite City of the physical and educational National Bank, the Madison post office and Schermer Bros. supermarket.

Most of the experiences were entirely new to the five-year-olds, Druegh said, and were considered valuable in acquainting them with localities other than their own immediate neighborhoods. Discipline in how to follow instructions, moving as a group and behavior patterns.

The administrator said from were part of the overall educational field trip program, he said, the pre-kindergarten program may be continued next year. The present program is funded basic medical and dental care and records have been compiled to be compared with the individual child's school record. As with the other Head Start programs, all youngsters have had basic medical and dental care and records have been compiled to be compared with the individual child's school record. As with the other Head Start programs, all youngsters have had basic medical and dental care and records have been compiled to be compared with the individual child's school record.

GRACE BEFORE SNACK TIME is led by Mrs. Bettie Williams, kindergarten teacher (left) while her aide, Evelyn Stanley, prepares to serve the youngsters milk and orange drink. Balanced nutritious snacks served each day included fresh fruit, vegetables, gelatin or pudding, raisins, cookies, crackers and peanut butter. Table manners also were part of the overall educational program.

CHILDREN INVESTIGATE the cage of a missing hamster to determine just how it escaped. The pet, brought to class to enable the youngsters to study a live animal, sparked a classroom hunt after it managed to elude its 15 inquisitive viewers. Observing the proceedings is Mrs. Addie Darden, class teacher (left) while Lorraine Sullivan, a teacher's aide, tells the group it will probably return to the cage when hungry.

PHYSICAL AND DENTAL EXAMINATIONS were part of Project Head Start, with results entered into permanent school records of the individual child. Here, Dr. John Riley examines one of the pre-kindergarten pupils, while his findings are recorded by Nurse Nina Dittman of the Madison school system.
